Ex Parte

Re: Notice of Ex Parte Presentation, WP Docket No. 07-100, PS Docket No. 06-229, and WT Docket No. 06-150.

Dear Ms. Dortch:

The Utilities Technology Council is providing the following ex parte notification in the above-referenced proceedings in accordance with Section 1.1206 of the Commission's Rules. On January 13, 2017 Eric Wagner and the undersigned on behalf of the Utilities Technology Council ("UTC") met with Erin McGrath, Legal Advisor, Wireless, Public Safety and International, Office of Commissioner O'Rielly.

During the meeting, UTC asked that the Commission move forward and adopt the Further Notice of Proposed Rulemaking in the above-referenced proceedings that is currently on circulation. UTC explained that UTC supports adoption of the FNPRM in order to expand eligibility in the 4.9 GHz band to include critical infrastructure industry entities, including utilities. UTC also explained that the FNPRM would serve the public interest and does not raise controversial issues. Therefore, UTC urged expeditious action on this issue. The discussions during the meeting were consistent with UTC's comments on the record in the proceeding.

Thank you for your help in this matter. Please direct any questions to the undersigned.

Respectfully,

A handwritten signature in cursive script that reads 'Brett Kilbourne'.

Brett Kilbourne
