Moundridge Tel certifies that it protects and utilizes its customers’ CPNI in compliance with the Commission’s rules in 47 CFR § § 64.2001-64.2009 and does not sell or disclose subscriber CPNI to outside entities.

All employees have signed a company waiver stating that they have received annual CPNI training and are aware of the FCC’s CPNI regulations as well as the related federal regulations and Moundridge Tel’s statutory responsibility to its customers. All requests for subscriber CPNI are forwarded to Senior Management personnel and any unauthorized use, sale, or disclosure of CPNI by any employee would subject the employee to disciplinary action, up to and including dismissal.

### **Carrier Authentication Requirements**

Moundridge Tel prohibits its employees from releasing a customer’s phone call records when a customer calls except when the customer provides a password. If a customer does not provide a password, Moundridge Tel will not release the customer’s phone call records except by sending it to an address of record or by calling the customer at the telephone of record. Moundridge Tel also provides mandatory password protection for online account access. Moundridge Tel will provide all CPNI, including customer phone call records, to customers based on in-store contact with a valid government photo ID.

### **Joint Venture and Independent Contractor Use of CPNI**

Moundridge Tel requires explicit consent from a customer before disclosing their CPNI to a joint venture partner or independent contractors for the purposes of marketing communications-related services to that customer. In addition Moundridge Tel does not disclose nor allow access by others to subscribers' CPNI for the purpose of identifying customers placing calls to competing carriers.

### **Business Customer Exemption**

Moundridge Tel may bind itself contractually to authentication regimes other than those described in this Section for services it provides to its business customers that have both a dedicated account representative and a contract that specifically addresses the Company's protection of CPNI.

### **Notice of Unauthorized Disclosure of CPNI**

A notification process is established for both law enforcement and Moundridge Tel customers in the event of a CPNI breach. Moundridge Tel's Senior Management shall notify law enforcement of a breach of its customers' CPNI no later than seven business days after a reasonable determination of a breach by sending electronic notification to the United States Secret Service (USSS) and the Federal Bureau of Investigation (FBI). Moundridge Tel may notify the customer and/or disclose the breach publicly after seven business days following notification to the USSS and the FBI, if the USSS and the FBI have not requested to postpone the disclosure.
