**RE: WC Docket No. 17-354; RENEWAL of SECTION 63.63 APPLICATION of AT&T**

Dear Ms. Dortch:

AT&T Services, Inc. on behalf of its affiliates AT&T Corp., Pacific Bell Telephone Company d/b/a AT&T California, SBC Long Distance, LLC d/b/a AT&T Long Distance and Teleport Communications America, LLC, collectively referenced herein as "AT&T" filed a Section 63.63 application in the above-referenced docket on December 7, 2017 seeking emergency authorization under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, to suspend AT&T's wireline interstate telecommunications services as a result of twenty-one fires that spread across five counties in Northern California. AT&T's facilities sustained significant damage throughout the area.

Pursuant to Section 63.63(b), AT&T hereby requests a renewal of the emergency authorization to suspend its services until April 30, 2018. As of January 18th, AT&T completed its network restoration in 86 (76.8%) of the 112 Distribution Areas (DAs) that incurred damage requiring more complex restoration plans. Specifically, AT&T has completely restored the damage to its facilities in three of the five counties affected (Mendocino, Lake, and Solano counties). AT&T continues its work to restore its network and services in the 26 remaining DAs in Napa and Sonoma counties. AT&T expects to have services restored in the remaining areas within three months, except in certain areas, such as Coffey Park, Fountain Grove and Larkfield Estates, which may be delayed further because AT&T's restoration is dependent on the restoration progress of other utilities and end user structures.

Best regards,

A handwritten signature in black ink, appearing to read "Terri L. Hoskins", with a stylized flourish at the end.

Terri L. Hoskins
