**REPORT OF THE CTIA SPECTRUM CLEARINGHOUSE, LLC**

The CTIA Spectrum Clearinghouse, LLC hereby submits its semi-annual report for the period covering July 1, 2018 through December 31, 2018, pursuant to the ordering clauses of the Federal Communications Commission's ("FCC" or "Commission") *Clearinghouse Selection Order*.<sup>1</sup> Under paragraph 28 of the *Clearinghouse Selection Order*, "reports must include an update on the number of links relocated, the amounts paid to relocate these links, updated cost and revenue projections, and any adjustments to existing fee structures."<sup>2</sup> The CTIA Spectrum Clearinghouse, LLC provides this requested information below, as well as a brief discussion of the status of its operations.

<sup>1</sup> Amendment of Part 2 of the Commission's Rules to Allocate Spectrum Below 3 GHz for Mobile and Fixed Services to Support the Introduction of New Advanced Wireless Services, including Third Generation Wireless Systems and Service Rules for Advanced Wireless Services In the 1.7 GHz and 2.1 GHz Bands, 22 FCC Rcd 4680 (2007) ("*Clearinghouse Selection Order*").

<sup>2</sup> *Id.* at ¶ 28.

During the last six months of 2018, the CTIA Spectrum Clearinghouse, LLC received no new relocation notifications for cost-sharing. Thus, the aggregated total registrations for the CTIA Spectrum Clearinghouse, LLC during this period are as follows:

CTIA SPECTRUM CLEARINGHOUSE, LLC DATA As of December 31, 2018		
Category	Totals 7/1/18 – 12/31/18	Lifetime Totals*
Links Relocated	0	1754
Aggregate Amount Paid	\$0	\$324,474,720
Average \$/Link	\$0	\$184,991

\* A number of relocation registrations filed prior to the current period have been modified and the lifetime totals reflect all changes.

The CTIA Spectrum Clearinghouse, LLC has not made any adjustments to its fees for services during this period.

As the CTIA Spectrum Clearinghouse, LLC has previously noted, the requirement that AWS-1 licensees participate in cost-sharing for incumbent relocations in the 1.7 GHz and 2.1 GHz band terminated on November 29, 2016.<sup>3</sup> Accordingly, the CTIA Spectrum Clearinghouse ceased support for cost-sharing benefits related to AWS-1 Fixed Microwave Service relocations on January 31, 2018. The CTIA Spectrum Clearinghouse, LLC has received no objections to its discontinuation of AWS-1 cost-sharing support.

The CTIA Spectrum Clearinghouse, LLC believes that its products and services have provided AWS licensees, incumbents, and other interested parties an efficient, cost-effective benefit for administering AWS cost-sharing.
