

WC Docket # 18-155

My husband and I, along with our 6 children do not have access to T.V., radio etc. and would be very concerned should the free conference calling services be eliminated. It is very important to us and use it daily for family, news, singing calls etc.

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

WC Docket number 18-155 regarding: Updating
the Intercarrier Compensation Regime including conference
calling services To whom it may concern:

Greetings, Our congregation has 48 churches in 4 states
all of who mostly originated from the Lancaster Co. area
of PA. Being so widespread the nightly conference news call
keeps us up to date on happenings among many friends &
relatives. In addition the church lines are invaluable to
the many shut-ins and helps them feel connected to their
church family. Prayerfully, Erma W. Martin

WC Docket No. 18-155 Regarding updating the Intercarrier Compensation Regime Church Services Singing Calls News Calls Handicap Calls

This Free non-Profit calls to churches is a way connecting to other congregations in our Church Group. By eliminating this free service we are not as close in sharing news from other areas. The singing calls are a way of uplifting those elderly who do not get away from home
