SHARE TIME REPORT

Missionary Action Projects, by counsel, hereby submits this share time report as ordered by the presiding officer at the prehearing conference in this case.

The parties have met and counsel have discussed the possibility of reaching an agreement to operate the station on a shared time basis, that is an agreement to permit each party to operate the station for a portion of the week and the other party to operate it for the remainder.

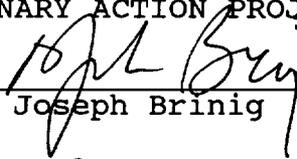

The parties are unable to agree on share time operation and there currently appears little likelihood that such agreement can be negotiated.
