**8. Statement as to how the Application Fits into One or More of the Presumptive Streamlined Categories in Section 63.03 or why it is Otherwise Appropriate for Streamlined Treatment**

This application fits within the presumptive streamlined categories as outlined in 47 CFR § 63.03, and streamlined treatment is requested. Licensee is a non-facilities-based reseller of long

distance services and Transferee, the Estate, is not a telecommunications provider.<sup>6</sup> Additionally, neither Transferee nor Licensee are affiliated with a foreign carrier, and neither seeks authority to resell the international or private line services of any affiliated dominant U.S. carrier.<sup>7</sup>

## **9. Identification of All Other Commission Applications Related to the Same Transaction**

Martin Tibbitts acquired Licensee concurrently with the Affiliated Entities on January 1, 2017. While Martin Tibbitts did not seek consent to the transfer of control of domestic 214 authority for Licensee, he did file applications for the transfer of control of domestic 214 authority for the Affiliated Entities on March 30, 2018.<sup>8</sup> In addition, Martin Tibbitts filed applications for the transfer of control of international 214 authority for the Affiliated Entities on April 14, 2017,<sup>9</sup> and for Licensee on February 22, 2018.<sup>10</sup>

On September 25, 2018, the Estate filed an undocketed request for domestic special temporary authority to operate Licensee pending Commission action on the necessary transfer of control applications. The Estate filed for international special temporary authority on September 27, 2018.<sup>11</sup> Finally, the Estate filed an application for transfer of control of the international 214 authorizations for Licensee and the Affiliated Entities on September 27, 2018.<sup>12</sup>

## **10. Statement of Whether the Applicants are Requesting Special Consideration Because Either Party to the Transaction is Facing Imminent Business Failure**

---

<sup>6</sup> 47 C.F.R. § 63.03(b)(1).

<sup>7</sup> Neither Licensee nor Transferee are affiliated with a dominant U.S. carrier.

<sup>8</sup> WC Docket Nos. 18-107, 18-108, 18-109, 18-110, 18-111, and 18-112, respectively.

<sup>9</sup> File Nos. ITC-T/C-20170417-00071, ITC-T/C-20170417-00080, ITC-T/C-20170417-00077, ITC-T/C-20170417-00075, ITC-T/C-20170417-00076, and ITC-T/C-20170417-00078, respectively.

<sup>10</sup> File No. ITC-T/C-20180222-00041.

<sup>11</sup> File No. ITC-STA-INTR2018-06230.

<sup>12</sup> File No. ITC-T/C-20180927-00180.

No party to the transaction is facing imminent business failure.

**11. Identification of any Separately Filed Waiver Requests Being Sought in Conjunction with the Transaction**

No separately filed waiver requests are being sought in conjunction with the transaction.

**12. Statement Showing how Grant of the Application will Serve the Public Interest, Convenience and Necessity, Including any Additional Information that may be Necessary to Show the Effect of the Proposed Transaction on Competition in Domestic Markets**

Approval of the involuntary transfer of control will serve the public interest by allowing Licensee to continue to provide high-quality service to existing customers without any interruption. Furthermore, the involuntary transfer had no adverse impact on current customers and was completely transparent to customers in terms of the service they receive. Customer rates, terms, and conditions were not changed as a result of this involuntary transfer. Licensee's business practices, customer service offerings, and customer billing remain the same. Finally, the involuntary transfer raises no competitive issues because Transferee is not a telecommunications provider and there is ample competition in the domestic telecommunications space.

Respectfully submitted,
