Dear Sirs.

This is a letter of **APPEAL** regarding the above captioned ADL regarding the following FRN:

FRN#: 2846865, 2846881 - "Upon review of the appeal letter you were instructed to generate data concerning the Category Two budget of several entities. USAC was unable to determine the category two budgets of these entities."

We submit that the issue raised during the PIA & during the appeal is a moot issue since this is a **single school** multi-site school which has one budget for all buildings. The original reviewer was called about this and the EPC system indicates this fact – namely there is one entity with several annexes. Under program rules annexes **DO NOT** have separate budgets. Thus there was no new information or budget allocations to be made.

Failure to fund the cited FRN will result in severe hardship for the school
