Re: *Promoting Investment in the 3550-3700 MHz Band*, GN Docket No. 17-258

Dear Ms. Dortch:

On October 12, 2018, I spoke by telephone with Erin McGrath, Legal Advisor, Wireless, Public Safety, and International, for Commissioner Michael O’Rielly, regarding the above-referenced proceeding. On October 16, 2018, David Don of Comcast Corporation and I met in person with Ms. McGrath. During the telephone conversation and the meeting, we discussed changes to the draft Order that would clarify the responsibility of the SAS to assign frequencies as part of an industry-agreed mechanism for GAA coordination.

Pursuant to the FCC’s rules, I have filed a copy of this notice electronically in the above referenced docket. Please address any questions regarding the foregoing to the undersigned.

Respectfully Submitted,

/s/ **Danielle J. Piñeres**
