1. The E-Rate's investment in Category 2 Wi-Fi and internal connections funding is extremely valuable and could not be replaced by local school, district or state funds.
2. Polk County Schools has already used all of its E-Rate Category 2 allotment for the following items: Network Cabling, Switches & Access Points.
3. The connectivity provided by these Category 2 items has improved the educational experience for our students and teachers by providing high capacity internet access in every classroom.
