

# Sprint Accessibility News & Enhancements

In the past year, incredible transformation has continued within Sprint. Positions have been filled, milestones have been achieved, and accomplishments are ongoing. In August 2016, Sprint Relay rebranded itself as Sprint Accessibility, offering communication products and services to reduce or eliminate communication barriers for customers who are deaf, hard of hearing, deaf-blind, have a hearing or vision loss, or cognitive, speech or mobility disability.

## National Tradeshows

Sprint Accessibility continues to have a highly visible presence at local, state, and national tradeshows and conferences. Attending events such as the NASRA, HLAA, Deaf Seniors of America, AudiologyNOW! is a great opportunity for attendees to learn which mode(s) of communication best fit their desires. Exhibits and presentations provide attendees the chance to learn about advancements in the relay industry. Customer testimonials and product demonstrations at these events provide a unique opportunity for users to see first-hand how various communication options can improve their lives.

## CapTel Newsletter

Each month, CapTel distributes its newsletter to CapTel phone and service users. Each issue contains informative tips for various CapTel phone models, stories about event participation, details of upcoming events, and customer testimonials.

# Enhancements to TRS Features

Sprint strives to enhance relay products and services to provide an exceptional experience to all relay customers. Feedback, implementation, testing, and usage by consumers and team members make this possible. During the reporting timeframe, Sprint Accessibility completed the following enhancements.

## July 2016

- Added feature to Mobile IP 911 update calls, which now display a call-back number (for customer service only).
- Had communication assistants (CA) participate in Quality Focus training recapping FCC rules, contractual requirements, established call handling procedures and topics such as relay agent performance expectations, greetings typed verbatim, speaking in third person, conference calls, correcting typos while voicing, and more.

## August 2016

- Added CapTel call center in Appleton, Wisconsin.
- Had CAs participate in Quality Focus training recapping FCC rules, contractual requirements, and topics such as processing relay user call preferences, caller control, transparency, repeating information, do-not-announce, redial billing, customer database changes, and customer preferences.
- Initiated Sprint IP Relay Mobile project to enhance iOS and Android apps to provide user-friendly registration, identity verification and braille user access.

## September 2016

Added outdial time, directory assistance, timely call release.

## October 2016

- Voice greeting typed verbatim, Call closing, Timely call release.
- Released firmware updates to several CapTel phone models.
- Lubbock and Syracuse centers started handling IP Captioned Telephone Service traffic.

## November 2016

- Expanded IP Text Mail automatic send from 30 to 45 seconds before sending to the offline user.
- Had CAs participate in Quality Focus training on topics such as customer profile feature,

processing standard and unique customer instructions, call set-up, and following customer notes/instructions.

## December 2016

- Changed call procedures as directed by the customer, CapTel, holiday greetings.
- Offered Relay Conference Captioning (RCC) to three additional states, making RCC available in a total of eight states, plus Federal Relay.

## January 2017

Completed misdial transfer trial in Florida.

## February 2017

Released firmware updates to several CapTel phone models.

## March 2017

- Added CapTel call center in Arlington, Texas.
- Released firmware updates to several CapTel phone models.
- Released the CapTel 880i Braille phone.
- Created a dedicated Sprint CapTel Facebook page.
- Engaged DeafBlind community to participate in alpha testing of Sprint IP Relay Mobile apps for iOS and Android.

## April 2017

- Launched Sprint IP Relay Mobile apps for iOS and Android within Apple App Store and Google Play Store.
- Developed and aired a Sprint IP Relay Mobile app Public Service Announcement in four targeted markets.

## May 2017

Released Sprint Mobile IP app.

## June 2017

- Trained CAs on long distance and carrier of choice changes for TRS and CapTel.
- Developed six Sprint IP Relay Mobile app training videos for trainers and individuals on how to use Sprint IP Relay Mobile apps.
- Completed the removal of Carrier of Choice options and Operator Services in our TRS platform. State relay users are no longer prompted for a long-distance carrier.

## TRS and CapTel Centers

Sprint currently provides TRS from five relay centers and CapTel from eight centers, ensuring reliable and cost-effective service:

- Florida (2)
- Hawaii
- Kansas
- Minnesota
- Ohio
- New York
- Texas (3)
- Wisconsin (3)

Sprint continues to expand CapTel call center operations with additional centers in the near future, including the next one in Austin and then Dayton. This will expand our service offerings and ensure the redundancy of services in locations less likely to be impacted by natural disasters.

Sprint maintains the TRS platform technology, training, and workforce management for all TRS call centers. Sprint's CapTel subcontractor and technology provider maintain these items for all wireline CapTel providers.

## International DeafBlind Expo

Sprint Accessibility attended the International DeafBlind Expo in Orlando, Florida, on August 18-20, 2016. The DeafBlind community has shared a desire for improvements within mobile and accessible communication industries. Sprint's role at this expo was to educate and increase awareness on the Sprint IP relay product and wireless discount plans for this community. DeafBlind attendees at this expo expressed their appreciation of Sprint's dedication and commitment to provide and/or enhance mobile and accessible communication for all.

In November, a full-time Customer Relations Manager (CRM) who is DeafBlind began work on Sprint IP Relay outreach activities with the DeafBlind community. From April to June 2017, this CRM hosted 6 town hall meetings, each approximately three hours long, in six cities with a total of 85 participants. The CRM presented on the Sprint IP Mobile app and gave one-on-one trainings.

## Sprint Relay Earns Top Honors from Costitics

In the 2016 Costitics Relay Performance Index<sup>SM</sup>, Sprint was the only provider to earn a perfect score in the Customer Care<sup>SM</sup> category with 100% of evaluators rating the Sprint CAs as engaged on their behalf and following correct call processing procedures. The customer care category also measures an array of specific CA behaviors that detract from the customer's experience, such as having to repeat information multiple times, rudeness, monotonous voicing, or incorrect procedures. Sprint was the only provider with no observed customer care detractors.

Sprint further received the highest scores for speed of processing calls including quicker connections to the service, faster relaying of conversations, and the most efficient total call length (i.e., session time). Sprint was also the only provider in the Index to achieve 100% of CAs meeting or exceeding the FCC-mandated typing

speed of 60 words per minute.

Sprint also reported the fewest critical errors and was statistically tied for "Best in Category" in several other categories such as passed calls, average typing speed, typing accuracy, and spoken accuracy. Sprint's efficiency combined with 100% Customer Care score stands in testament to an organization dedicated to both optimal efficiency and great customer service.

## Inclusive Technology Summit

In November, the White House hosted and live-streamed a technology summit with the American Association of People with Disabilities. This summit brought together disability advocates, technology industry representatives, and federal officials to examine approaches to ensure that the Internet of Things is accessible and that inclusive design is central to technology development. One of the panelists was Sprint Accessibility's own Global Director, Mike Ellis.

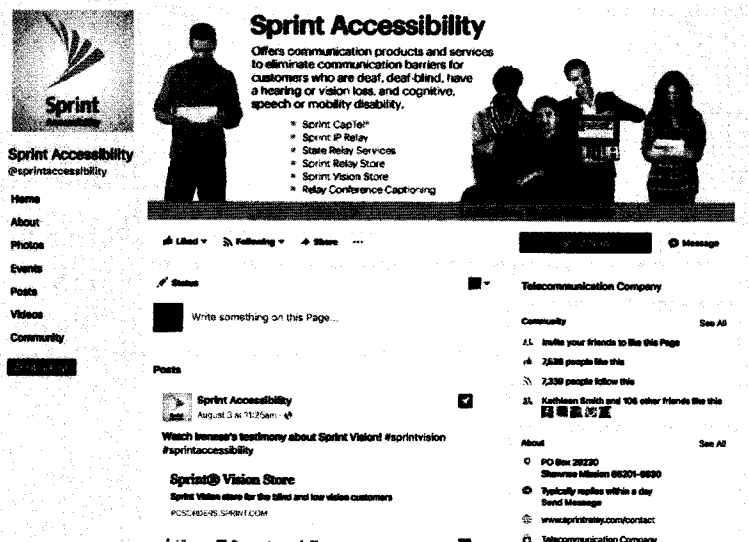

## STARS Conference

Sprint sponsors an annual conference for State Telecommunication Administrators of Relay by Sprint (STARS). The conference is an ideal forum to discuss current FCC rules and upcoming industry trends such as Carrier of Choice waivers, FCC re-certification; product and service reviews such as Real Time Text, 900 pay-per-calls; TRS and CapTel platforms such as IP-based products and services; presentations by company representatives from the media, captioning, and CapTel industries; and promote idea exchanges among state relay administrators. This year's STARS conference was held in Florida in June 2017. The next conference is planned for Austin, Texas, in 2018.

## Social Media

Social media is a common avenue for consumers to learn about a specific interest. In past years, Sprint had social media platforms for individual relay service. Recently information about most relay services were combined into a single Sprint Accessibility page on Facebook:

- **Sprint Accessibility:** [www.facebook.com/sprintaccessibility](http://www.facebook.com/sprintaccessibility)
- **Sprint CapTel:** [www.facebook.com/sprintcaptel](http://www.facebook.com/sprintcaptel)
- **Sprint Vision:** [www.facebook.com/SprintVision](http://www.facebook.com/SprintVision) (until July 5, 2017)

# Bring people together with Mississippi Relay

## **Voice to TTY Relay:**

Read spoken words and  
type when "speak"  
your words

The voice caller dials 711  
and is connected to a  
relay operator. The caller  
then speaks, "Hello, how  
are you? GA."

The relay operator  
types what the  
voice caller speaks.

The TTY user reads  
what is spoken on  
a device.

**A standard phone may not be right for you if:**

- You want to "listen" by reading what the other person speaks.
- You cannot hear well, but prefer to use your voice.
- You can hear, but would like someone else to voice your words.
- You are not sure how to converse with someone who has a hearing or speech disability.

**Mississippi Relay can offer calling freedom.**

Making calls through Mississippi Relay is liberating, enjoyable and convenient. Mississippi Relay's free, 24-hour service allows callers who are deaf, hard of hearing, deaf-blind or speech disabled to call anybody using relay services.

**Just dial 711 and call anyone, anywhere and anytime with Mississippi Relay.**

## HOW TO CONNECT?

- Dial **711** to connect with a relay operator.
- The operator will then dial the other party's number.
- The operator will relay the conversation between you and the other party by typing or voicing.

The relay operator repeats  
the STS user's spoken  
words if needed.

The STS user speaks  
directly to the  
other party.

The other party  
talks directly  
to the STS  
user.

A son speaks to his mother while the relay operator listens.

Mother speaks to her son directly.

The relay operator types everything the son says.

The mother reads on a TTY screen what her son speaks.

# Other Relay Features

## TeleBraille for Deaf-Blind

**711 or 800-852-2233**

Deaf-blind relay users often use TTYs equipped with TeleBraille. Specially-trained relay operators are familiar with deaf-blind users' needs, and can provide effective solutions for their calling needs.

## Spanish Relay

**711 or 800-582-2544**

TTY users can type in Spanish and have the conversations relayed in Spanish or English. TTY users can also request Spanish-to-English or English-to-Spanish translation.

## TTY Payphone

TTY users using a TTY payphone can use Mississippi Relay to assist in connecting calls.

## Toll-Free Relay

**900-230-9191**

Relay users can dial a separate toll-free 900 number to connect with Mississippi Relay. A relay operator will then dial the requested outbound 900 service number. The caller is responsible for direct billing.

## Relay Directory Assistance

Mississippi Relay will relay Directory Assistance (DA) calls between TTY users and a DA operator. After obtaining the number, the caller may choose to place the call through Mississippi Relay or dial directly using a TTY.

## International Relay

**605-224-1837**

Mississippi Relay allows callers to place and receive calls to and from anywhere in the world in English or Spanish.

## Do **NOT** Call 911 for Non-Emergency Calls Only

**711 is NOT an emergency number.**

In case of an emergency, relay users should call the TTY-equipped 911 center or emergency services center in their communities.

**NOTE:** Mississippi Relay can process emergency calls, but it may take longer for the call to be processed.

TTY users who cannot obtain emergency service via 911 may call 711 and inform the relay operator there is an emergency.

# Customer Profile

## Customer profiles make relay services better for you.

The Customer Profile feature allows relay service users to submit their preferences, such as:

- Frequently dialed numbers
- Emergency numbers
- Customer notes

Relay callers have the flexibility of updating their preferences at any time by going to [myprofile.sprint.com](http://myprofile.sprint.com) or requesting a form through customer service.

The contact information is found on the back of this booklet.

**§ 77-3-501. Legislative findings.**

The Legislature of the State of Mississippi finds:

- (a) That telephone service provides a rapid and essential communications link among the general public and with essential offices and organizations such as police, fire and medical facilities;
- (b) That all persons should have basic telephone service available to them at a fair and equitable
- (c) That a significant portion of Mississippi's hearing and speech impaired population have profound disabilities which render normal telephone equipment useless without additional specialized devices; and
- (d) That there exists a need for a program whereby access to basic telephone service for hearing and speech impaired persons is equal in cost to the amount paid by other telephone customers.

Mississippi Code/TITLE 77 PUBLIC UTILITIES AND CARRIERS/CHAPTER 3 REGULATION OF PUBLIC UTILITIES/ARTICLE 11. DUAL PARTY RELAY SYSTEM TO PROVIDE TELECOMMUNICATIONS DEVICES

## FOR THE DEAF AND HEARING OR SPEECH IMPAIRED/§ 77-3-503. Definitions.

## § 77-3-503. Definitions.

The following terms and phrases when used in this article shall have the following meaning ascribed to them, except where the context clearly indicates a different meaning:

- (a) "Deaf person" means an individual who is unable to hear and understand oral communication, with or without the assistance of amplification devices.
- (b) "Dual party relay system" means a procedure whereby a deaf, hearing or speech impaired TDD user can communicate with an intermediary party, who then orally relays the first party's message or request to a third party, or vice versa.
- (c) "Exchange access facility" means the access from a particular telephone subscriber's premise to the telephone system of a local exchange telephone company. Exchange access facilities include local exchange company provided access lines, private branch exchange trunks and centrex network access registers, all as defined by tariffs of telephone companies as approved by the commission.
- (d) "Hard of hearing person" means an individual who has suffered a permanent hearing loss which is severe enough to necessitate the use of amplification devices to hear oral communication.
- (e) "Hearing impaired person" means a person who is deaf or hard of hearing.
- (f) "Ring signaling device" means a mechanism such as a flashing light which visually indicates that a communication is being received through a telephone line. This phrase also means a mechanism such as adjustable volume ringers and buzzers which audibly and loudly indicate an incoming telephone communication.
- (g) "Speech impaired person" means an individual who has suffered a loss of oral communication ability which prohibits normal usage of a standard telephone handset.
- (h) "Telecommunications device" or "telecommunications device for the deaf, hearing or speech impaired" or "TDD" means a keyboard mechanism attached to or in place of a standard telephone by some coupling device used to transmit or receive signals through telephone lines.
- (i) "Telephone company" means every corporation, company, association, joint stock association, partnership, and person and their lessees, trustees or receivers appointed by any court whatsoever, and every city or town owning, operating or managing any telephone line or part of a telephone line used in the conduct of the business of affording telephonic communication service for hire within this state.
- (j) "Telephone line" includes conduits, ducts, poles, wires, cables, crossarms, receivers, transmitters, instruments, machines, appliances, instrumentalities and all devices, including radio and other advancements of the art of telephony, real estate, easements, apparatus, property and routes used and operated to facilitate the business of affording telephonic communication services to the public for hire within this state.
- (k) "Trust fund" means the Dual Party Relay Service Trust Fund which is a specific trust to be created by the Public Service Commission and to be established, invested, managed and maintained for the exclusive purpose of fulfilling the provisions of this article according to Public Service Commission rules and regulations.

DUAL PARTY RELAY SYSTEM TO PROVIDE TELECOMMUNICATIONS DEVICES FOR THE DEAF AND HEARING OR SPEECH IMPAIRED/§ 77-3-505. Statewide program to provide telephone access to speech or hearing impaired persons; commission not liable for claims, actions, etc. arising out of program.

**§ 77-3-505. Statewide program to provide telephone access to speech or hearing impaired persons; commission not liable for claims, actions, etc. arising out of program.**

- (1) The Mississippi Public Service Commission shall establish, implement, administer, regulate and promote a statewide program to provide telephone access to persons who are speech or hearing impaired.
- (2) The program shall include but not be limited to:
  - (a) A statewide dual party relay service;
  - (b) The establishment of characteristics and performance standards for TDD ring signaling devices and volume control handsets;
  - (c) A single supplier statewide relay system to handle all intrastate TDD calls; and
  - (d) The promulgation of procedures, regulations, rules, guidelines and criteria to establish, implement, administer, regulate and promote all aspects of the dual party relay service and this article where not prohibited by law.
- (3) The commission may use assistance from public agencies of the state and federal government or from private organizations and industry to accomplish the purposes of this article.
- (4) The commission shall not be liable for any claims, actions, damages or causes of action, civil or criminal, arising out of or resulting from the establishment, participation in or operation of the Dual Party Relay System Service.
- (5) The provider of the Dual Party Relay System Service, and the employees of the provider, shall not be liable for any claims, actions, damages or causes of action, civil or criminal, for:
  - (a) Maintaining the confidentiality of each relayed conversation;
  - (b) Relaying any message from one party to another in a relayed conversation; or
  - (c) Any error made in the transcription, transmission or transliteration of any message from one party to

another in a relayed conversation, except for errors resulting from gross negligence, intentional acts or willful misconduct.

Maintenance surcharge on local exchange access facilities; Dual Party Relay Service Trust Fund; source of funds; use of funds; charges for use of relay service.

**§ 77-3-507. Maintenance surcharge on local exchange access facilities; Dual Party Relay Service Trust Fund; source of funds; use of funds; charges for use of relay service.**

(1) The Public Service Commission may impose upon all local exchange telephone companies operating in the State of Mississippi a monthly relay service fee in an amount to be determined by the commission based upon the amount of funding necessary to accomplish the purposes of this article and to provide dual party telephone relay services on a continuous basis. Such fees shall be paid by the local exchange companies to the credit of the Dual Party Relay Service Trust Fund. The commission may authorize local exchange companies to recover relay service fees through a surcharge on their customers in the manner prescribed by the commission. The relay service fees remitted by the local exchange companies shall not be subject to any tax, fee or assessment, nor shall it be considered revenue of the local exchange companies. The Dual Party Relay Service Trust Fund shall be credited with all interest income and earnings of the fund. The fund shall be established, invested and managed for the exclusive purpose of fulfilling the provisions of this article according to rules and regulations established by the Public Service Commission.

(2) Monies in the fund shall also include any appropriations authorized by the Legislature, any available funds authorized by the Public Service Commission, grants from other governmental or private entities, and any contributions or donations received by the Public Service Commission for the dual party relay service. All monies in the Dual Party Relay Service Trust Fund shall be used solely for the administration and operation of a statewide program to provide telecommunications access to persons who are speech and hearing impaired or similarly impaired.

(3) The users of the relay service shall be charged for telephone services, without additional charges for the use of the relay service other than any surcharge which may be imposed upon them under this section. The calling or called party shall bear an expense for making intrastate nonlocal calls considered and approved by the Public Service Commission as being equitable in comparison with non-TDD or DPR service customers.

Advisory committee on telecommunications services for hearing or speech impaired persons; members; terms; compensation.

**§ 77-3-509. Advisory committee on telecommunications services for hearing or speech impaired persons; members; terms; compensation.**

(1) On or before August 1, 1990, the Public Service Commission shall appoint an advisory committee to monitor the statewide telecommunications relay access service and advise and make recommendations to the Public Service Commission in pursuing services which meet the needs of the hearing or speech impaired and others similarly impaired in communicating with other users of telecommunications services.

(2) The advisory committee shall be composed of:

- (a) One (1) deaf person recommended by the Mississippi Association of the Deaf;
- (b) One (1) speech or hearing impaired person recommended by the Mississippi Association for Retired Persons;
- (c) One (1) person recommended by the Coalition of Citizens with Disabilities;
- (d) One (1) representative of telecommunications utilities chosen from a list of candidates provided by the Mississippi/Alabama Telephone Association;

- (g) One (1) representative from Vocational Rehabilitation Deaf Services;
- (h) One (1) hearing impaired representative of the Mississippi School for the Deaf;
- (i) Two (2) representatives chosen from the Public Service Commission's staff and employees;
- (j) One (1) person appointed by the Speaker of the House of Representatives;
- (k) One (1) person appointed by the Lieutenant Governor of the Senate;
- (l) One (1) representative from the provider of the DPR service; and
- (m) Three (3) "at large" individuals who have particular skills, knowledge, experience or ability but who are not necessarily speech or hearing impaired or otherwise affiliated with an organization serving the speech or hearing impaired.

The commission, in its discretion, may name a successor or similar organization to be represented on the committee if an organization or agency named in this subsection ceases to exist.

(3) The committee shall be appointed based on candidate names submitted by the recommending agency or organization. Each member of the advisory committee shall serve for a term of two (2) years. A member whose term has expired shall continue to serve until a qualified replacement is appointed. The members of the advisory committee shall serve without compensation but shall be entitled to reimbursement for travel and expenses incurred in the performance of their official duties and per diem, which shall be paid out of the trust fund on the same basis established for state employees.

### NOTICE OF CERTIFICATION OF STATE TELECOMMUNICATIONS RELAY SERVICES (TRS) PROGRAMS CG DOCKET NO. 03-123

The Federal Communications Commission's (FCC or Commission) Consumer and Governmental Affairs Bureau (Bureau) hereby grants certification to the state telecommunication relay services (TRS) programs listed below,<sup>1</sup> pursuant to Title IV of the Americans with Disabilities Act (ADA), 47 U.S.C. § 225(f)(2), and section 64.606(b) of the Commission's rules.<sup>2</sup> On the basis of the state applications received, the Bureau has determined that:

- (1) The TRS programs of the listed states meet or exceed all operational, technical, and functional minimum standards contained in section 64.604 of the Commission's rules;<sup>3</sup>
- (2) The TRS programs of the listed states make available adequate procedures and remedies for enforcing the requirements of their state programs;<sup>4</sup> and
- (3) The TRS programs of the listed states in no way conflict with federal law.

The Bureau also has determined that, where applicable, the intrastate funding mechanisms of the listed states are labeled in a manner that promotes national understanding of TRS and does not offend the public, consistent with section 64.606(d) of the Commission's rules.<sup>5</sup>

Because the Commission may adopt changes to the rules governing relay programs, including state relay programs, the certification granted herein is conditioned on a demonstration of ongoing compliance with any additional new rules that are adopted by the Commission. The Commission will provide guidance to the states, as needed, to ensure compliance with such rule changes.

This certification, as conditioned herein, shall remain in effect for a five (5) year period, beginning July 26, 2013, and ending July 25, 2018, pursuant to 47 C.F.R. § 64.606(c). One year prior to the expiration of this certification, July 25, 2017, the states may apply for renewal of their TRS program

<sup>1</sup> For purposes of this proceeding, the term "state" refers to states, U.S. territories, and the District of Columbia, where applicable.

<sup>2</sup> 47 C.F.R. § 64.606(b).

<sup>3</sup> 47 U.S.C. § 225(f)(2)(A); 47 C.F.R. § 64.604.

<sup>4</sup> 47 U.S.C. § 225(f)(2)(B).

**BEFORE THE PUBLIC SERVICE COMMISSION  
OF THE  
STATE OF MISSISSIPPI**

**DOCKET NUMBER: 1990-UA-156**

**IN RE: DUAL PARTY RELAY SERVICE MONTHLY MAINTENANCE SURCHARGE**

**AMENDED ORDER**

THIS DAY, this cause came on before this Commission, upon its own motion, concerning the monthly maintenance surcharge collected by local exchange companies ("LECs") and competitive local exchange companies ("CLECs") from all residential and business local exchange access facilities and transferred to the Dual Party Relay Service Trust Fund ("the Fund") on a monthly basis. The Fund was established and is invested and managed for the exclusive purpose of fulfilling the provisions of Miss. Code Ann. § 77-3-501, et. seq., as amended ("the Statute"), as same relates to a statewide program to provide telephone access to persons who are speech and hearing impaired.

This Commission is authorized by the Statute to impose upon all LECs and CLECs operating in Mississippi a monthly surcharge in an amount to be determined by this Commission based upon the amount of funding necessary to fulfill the requirements of the Statute including the provision of Dual Party Relay Service. The Statute further requires LECs and CLECs to collect said surcharge from its customers and transfer said monies collected to the Fund.

Pursuant to its duty under the Statute, this Commission, by its Order dated March 15, 2007, in Docket Number 1990-UA-156, directed all LECs and CLECs operating in Mississippi to collect a three cent (\$0.03) monthly surcharge on each residential and business local exchange

line for which the Federal End User Common Line Charge is applicable, beginning June 1, 2007. The LECs and CLECs were further directed to transfer the surcharges collected to the Fund on a monthly basis.

This Commission has now been administering the Statute for twenty-two (22) years, and, following careful study, the Commission has determined that the goals established by the Statute including the provision of Dual Party Relay Service will be adequately met by increasing the monthly maintenance surcharge from three cents (\$0.03) to ten cents (\$0.10).

IT IS THEREFORE ORDERED that all LECs and CLECs operating in Mississippi are directed to impose and collect a monthly surcharge on all residential and business local exchange access lines to which the Federal End User Common Line Charge is applicable, in the amount of ten cents (\$0.10) each month per access line instead of three cents (\$0.03). The ten cents (\$0.10) surcharge shall be effective with all bills rendered on or after May 1, 2013, on a billing cycle basis. All LECs and CLECs in this state are directed to continue to transfer the surcharge funds so collected to the Dual Party Relay Services Trust Fund on a monthly basis.

This Order shall be deemed issued on the day it is served upon the parties herein by the Executive Secretary of this Commission who shall note the service date in the file of this Docket.

Chairman Leonard Bentz voted AY; Vice Chairman Lynn Posey voted aye; and Commissioner Brandon Presley voted aye.

Dated this the 9<sup>th</sup> day of April, 2013.

**FOURTH AMENDMENT TO  
STATEWIDE TELECOMMUNICATIONS RELAY SERVICES  
CONTRACT #CNMS062310-TRS**

This Fourth Amendment is made to the Statewide Telecommunications Relay Services Contract No. CNMS062310-TRS between SPRINT COMMUNICATIONS COMPANY, L.P. ("Sprint") and the MISSISSIPPI PUBLIC SERVICE COMMISSION ("Customer"), signed by Customer on August 3, 2010 and Sprint on July 22, 2010, as amended (the "Agreement").

The following modified and added terms and conditions are made a part of the Agreement effective on the last day this Amendment is signed by Sprint and Customer ("Fourth Amendment Effective Date").

Sprint and Customer agree as follows:

1. Pursuant to Section III ("Term") of the Agreement, the Parties agree to renew the Agreement for an additional three year period effective July 1, 2017 through June 30, 2020 ("Three-Year Renewal Term") at the same terms and conditions.
2. The Agreement is amended by deleting Section VII ("Compensation"), Subsection 7.0 in its entirety and replacing it to read as follows:

7.0 Sprint shall be compensated monthly by the State at a rate of \$1.05 per session minute ("Relay Rate") for the provision of relay service in Mississippi for the Three-Year Renewal Term of the Agreement. The Relay Rate excludes the monthly recurring charge for the Equipment Distribution Program and Outreach Program. CapTel shall be compensated at a rate of \$1.85 per session minute ("CapTel Rate") for the Three-Year Renewal Term of the Agreement. The Relay Rate and the CapTel Rate shall be firm for the Three-Year Renewal Term of this Agreement. Sprint reserves the right to negotiate with the State in good faith the Relay Rate and the CapTel Rate for any additional renewals beyond this Three-Year Renewal Term as outlined in Article III, Subsection 3.1.

3. The Agreement is amended by deleting Section VII ("Compensation"), Subsection 7.1.1 in its entirety and replacing it to read as follows:

7.1.1 Sprint shall be compensated by the State with a monthly recurring charge ("MRC") of \$17,000.00 during each month of the Three-Year Renewal Term of the Agreement. The MRC will include the following:

- \$125,000 Annual Outreach budget (Outreach Specialists, EDP Coordinator, public service announcements, marketing materials and sponsorships)
- Up to twenty five (25) TRS and CapTel-related pieces of equipment per month
- Up to ten (10) 3G wireless devices (or 4G devices when readily available)
- Customer Care

Sprint reserves the right to negotiate with the State in good faith the MRC for any additional renewals beyond this Three-Year Renewal Term as outlined in Article III, Subsection 3.1.

4. All other terms and conditions in the Agreement, not amended above, will remain in effect. This Amendment and any information concerning its terms and conditions are Sprint's proprietary information. Alterations to this Amendment will not be valid unless accepted in writing by a Sprint officer or authorized designee. To become effective, this Amendment must be signed by a Customer representative; and signed by a Sprint officer or authorized designee.
