Dear Ms. Dortch:

On October 16, 2017, representatives of EchoStar Satellite Operating Corporation and Hughes Network Systems, LLC (collectively, “EchoStar”), Intelsat Corporation (“Intelsat”), SES Americom, Inc. and O3b Limited (collectively, “SES”), Telesat Canada (“Telesat”), The Boeing Company (“Boeing”), and WorldVu Satellites Ltd. d/b/a OneWeb (“OneWeb”) met separately with Chairman Pai, Commissioner O’Rielly, Commissioner Carr, and their respective advisors, regarding pending petitions for reconsideration and the pending further notice of proposed rulemaking in the Spectrum Frontiers proceeding (GN Docket No. 14-177, IB Docket No. 15-256, WT Docket No. 10-112, and IB Docket No. 97-95). The attendees at each meeting are listed on Attachment 1 hereto. A separate letter is being submitted in that proceeding to memorialize the discussions.

In the course of the discussions regarding the Spectrum Frontiers proceeding, Telesat and OneWeb expressed their appreciation for the Commission’s adoption of the NGSO Order, but also stated that the Commission erred on the sharing mechanism adopted in the NGSO Order and should be open to revisiting this issue on reconsideration.
