

WC Docket number 18-155 regarding: Updating the Inter-carrier  
Compensation Regime including conference calling services.  
*I'm a widow and appreciate the free calling service. When my husband was sick  
with cancer we were ~~happy~~ to listen to church services, funerals & conference calls.*

As a taxpayer, and a free conference calling client, I ask you to please reconsider  
acting on WC Docket No. 18-155. My free conference calling services are currently  
risk of being completely eliminated and costing me, millions of others and our  
businesses.

I am urging you to refrain from eliminating services that I and millions of other  
Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free  
conference calling services are left alone. In fact, they stand to gain upwards of \$80  
million.

However, if the FCC does decide to remove these services, I and millions of other  
American citizens and American businesses will be immediately and negatively  
affected. We will no longer be able to use these services for free and will instead be  
forced to pay for conferencing services provided by the long-distance carriers if we  
want to reach our non-profit organizations, our families, our churches, singing calls,  
news calls, prayer groups, support groups, board meetings, committee meetings,  
startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free  
conference calling.

Do not take away my free conference calling services and further line the pockets of  
major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its  
rulemaking in WC Docket No. 18-155.

Signed,

*telephone*
