Washington, DC 20554

**Re: Applications of XO Holdings LLC and Verizon Communications Inc. for
Transfer of Control of Licenses and Authorizations, WC Docket No. 16-70**

Dear Ms. Dortch:

XO Holdings and Verizon Communications Inc. (“Verizon”) (collectively, “Applicants”) provide this update to their October 7, 2016, filing – specifically the exhibit that provides summary data regarding the buildings that both XO Communications, LLC (“XO”) and Verizon serve with fiber (“fiber overlap buildings”) within Verizon’s ILEC footprint and the competitors that currently have fiber in those buildings.¹ The Applicants have continued to examine these buildings, and this more granular review shows there are more competitors in many of them. We therefore update the exhibit referenced above, providing more detail with respect to competitors in certain buildings, the number of businesses in those buildings, and bandwidth demand data for all Verizon lines of business and XO into those buildings. A review of these buildings demonstrates that even more of them have an alternate fiber provider in the building, in addition to XO and Verizon.

Because the associated exhibit contains information that meets the requirements for treatment as “Highly Confidential,” the Applicants are filing pursuant to the procedures established in the Protective Order and in the Information Request. The Applicants will also file a copy of this ex parte, bearing the appropriate confidentiality legend, in the FCC’s Electronic Comment Filing System.

¹ See Letter to FCC from Counsel to XO Holdings and Counsel to Verizon Communications, WC Docket No. 16-70, Exhibit B (filed Oct. 7, 2016). References to Verizon’s facilities refer to those of its wholly-owned operating subsidiaries.
