the Commission's Rules Requiring Access to	)	
Advanced Communications Services (ACS)	)	
and Equipment by People with Disabilities	)	
	)	

**MOTION FOR EXTENSION OF TIME**

On behalf of the Coalition of E-Reader Manufacturers (the Coalition), the undersigned counsel respectfully requests that the Commission grant a thirty-day extension from February 1, 2019 until March 5, 2019 for the Coalition to submit the report on basic e-readers, as required by the Consumer and Governmental Affairs Bureau's Order released on February 1, 2016 in the above-captioned docket.

The Order instructs the Coalition to submit a report that includes a study of the technological development, marketing, and consumer use trends in the basic e-reader market. The report must further provide input on the extent to which the class definition for basic e-readers continues to remain appropriate for the purpose of excluding devices that include advanced communications services (ACS) as a primary or co-primary purpose. Finally, the report must include information on the extent to which consumers who are blind or visually

impaired continue to have a selection of reasonably priced alternatives in the market that allow for accessible ACS and reading access on portable devices.

The Coalition requires additional time to gather the information required for the report to best assist the Bureau in determining whether the ongoing waiver of the accessibility requirements for equipment used for ACS for the class of basic e-readers as defined in the *E-Reader Waiver Order*<sup>1</sup> remains appropriate. The requested extension will ensure development of a complete record and thereby serve the public interest. Accordingly, the undersigned respectfully requests a 30-day extension of the report deadline.

Respectfully submitted,

/s/ Gerard J. Waldron
