First of all, thank you for informing Taft of the proposed changes in the Shorter College application for a non commercial educational FM station.

Our study of the application confirms that no objectionable interference will be caused to the WBRC-TV signal within its normally protected service area. Taft Television and Radio Company, Inc., licensee of television station WBRC-TV Birmingham, AL is pleased once again to support Shorter College's FM application.

Please notify this office of any future changes to this application.
