IMPORTANT: Service Discontinuance Notification for:

Account #: «Acct #»

Product Name: «Product»

Service Location: «Serv Loc»

**This Change in Service Requires Action on Your Part**

Dear Valued Customer,

Because your business matters to us, we wanted to provide advance notification of an important change being made for services in your area.

**Our underlying provider will no longer be offering facilities that support POTS/DS0 and Private Line services in certain areas effective March 29, 2019.** As a result, customers in the following areas will have these services retired: Danvers, Framingham and Stoughton, MA; Jersey City and Lawrence Township, NJ; Brooklyn, Jamaica, Farmingdale, Flushing, Lindenhurst, Manhattan, Mount Vernon, North Babylon, and West Babylon, NY; and Arlington, VA. Your specific service is noted as «Product». Please note, this notification does not affect other services you may have with Windstream.

The change requires action on your part. An Account Representative will be contacting you shortly to make you aware of your options and assist you in any way possible to ensure a smooth transition prior to the service retirement. **To avoid service interruption, we encourage you to take action no later than February 28, 2019 to explore an alternative service solution with Windstream. Failure to make arrangements for an alternative service effective March 29, 2019 may result in permanent service termination or insufficient time to transition your customer to a replacement service, with no immediate restoral options.**

The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. You may file your comments electronically through the FCC's Electronic Comment Filing System using the docket number established in the Commission's public notice for this proceeding, or you may address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of Windstream Services, LLC. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

Thank you for your time and attention to this important matter. If you have any questions, please contact us at 800.276.2384.

Regards,  
Customer Care
