Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

*Re: **Starry, Inc. Notice of Ex-Parte Communication**; Use of Spectrum Bands Above 24 GHz For Mobile Radio Services, et al., GN Docket No. 14-177 and WT Docket No. 10-112*

Dear Ms. Dortch:

On Wednesday, February 6, 2019, Starry, Inc., represented by Joe Lipowski, Chief Technology Officer; Perry Spero, Director, Systems Integration & Validation; Virginia Lam Abrams, Senior Vice President, Communications & Government Relations; and Brian Regan, Vice President, Legal, Policy, and Strategy, participated in a phone conference with members of the Wireless Telecommunications Bureau and the Office of Engineering and Technology. A full list of FCC representatives participating on the call is listed at the end of this filing.

During the meeting, Starry discussed its extensive experience operating in the millimeter wave bands and various aspects of its technology, including channelization and spectrum re-use, as it relates to delivering reliable, high-capacity consumer broadband. Starry shared its perspectives on a potential sharing framework for the Lower 37 GHz Band, including its support for base station licensing in up to 360 degree sectors over 3 kilometers, consistent with its previously filed comments.<sup>1</sup> In addition, Starry shared its viewpoint that the sharing framework must include explicit, aggressive, and enforceable construction requirements to ensure that the spectrum in the Lower 37 GHz Band is utilized to the benefit of consumers, not warehoused and left unused.

Pursuant to Section 1.1206(b)(2) of the Commission's rules, an electronic copy of this letter is being filed for inclusion in the above-referenced docket. We have also provided a copy of this letter electronically to all Commission personnel who were in attendance. Please contact the undersigned with any questions.

Respectfully submitted,  
Virginia Lam Abrams  
Starry, Inc.  
38 Chauncy Street, Second Floor  
Boston, Massachusetts 02111
