

RECEIVED & INSPECTED  
JAN - 7 2019

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Signed,

Your Name:

Chester K. Fisher

Corporate Greed is Ruining America!

WC DOCKET No. 18-155 regarding: Updating  
the Intercarrier Compensation Regime including  
conference calling services. We would indeed  
be sorry if this would be taken from us.  
The privilege to help each other in so many  
ways. We could listen to (grief) gathering messages  
for people with death in family. It helps us to stay  
in contact with what's happening, around us.

As a taxpayer, and a free conference calling client, I ask you to please reconsider  
acting on WC Docket No. 18-155. My free conference calling services are currently at  
risk of being completely eliminated and costing me, millions of others and our  
businesses.

I am urging you to refrain from eliminating services that I and millions of other  
Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free  
conference calling services are left alone. In fact, they stand to gain upwards of \$80  
million.

However, if the FCC does decide to remove these services, I and millions of other  
American citizens and American businesses will be immediately and negatively  
affected. We will no longer be able to use these services for free and will instead be  
forced to pay for conferencing services provided by the long-distance carriers if we  
want to reach our non-profit organizations, our families, our churches, singing calls,  
news calls, prayer groups, support groups, board meetings, committee meetings,  
startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free  
conference calling.

Do not take away my free conference calling services and further line the pockets of  
major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its  
rulemaking in WC Docket No. 18-155.

Comments: As a regular participant of 3 different weekly conference calls, my plea to you is "Please don't take away my free conference calling services". My wife & I have a large family and struggle to pay our monthly bills, so this issue is important to us. We sincerely hope this free service will continue. Thank-you for providing an opportunity for comment.

This letter is being sent concerning the free calling services that are at risk of being removed. Please don't do it.

WC Docket number 18-155 regarding: Updating the Inter-carrier Compensation Regime Including Conference Calling Services.

I attend the Amish Church and we don't use radio, TV or internet to hear the news. So the free conference calling line is used to spread news or request prayer for the sick, etc. Our church messages are also a day-brightener when staying with a bed-fast patient. We have a speaker system set up that she, too can hear and also enjoys listening to the singing line.

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, how-to calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Again I ask you to let us use this service, please.

Thank-you
