Re: *Unlicensed Use of the 6 GHz Band*, ET Docket No. 18-295; *Expanding Flexible Use in Mid-Band Spectrum between 3.7 and 24 GHz*, GN Docket No. 17-183

Dear Ms. Dortch:

On February 13, 2019, I spoke by telephone with William Davenport, Legal Advisor for Commissioner Starks. We discussed the Commission's Notice of Public Rulemaking in the above-referenced docket proposing to open the 6 GHz band for unlicensed technologies. Specifically, I expressed support for the NPRM's framework, its recognition of the need for additional unlicensed frequencies, and the importance of FCC rules implementing this framework that would support the use of standard-power and lower-power devices throughout the band.

Pursuant to the FCC's rules, I have filed a copy of this notice electronically in the above referenced docket. If you require any additional information, please contact the undersigned.

Sincerely,

Paul Margie
