RE: OneVoice Communications, Inc.
Form 499 Filer ID: 825713
Annual Customer Proprietary Network Information Compliance Certification;
EB Docket No. 06-36

Dear Ms. Dortch,

Enclosed for filing is the Annual Customer Proprietary Network Information ("CPNI") Compliance Certification; EB Docket No. 06-36, filed on behalf of OneVoice Communications, Inc.

Please do not hesitate to contact me at 407-260-1011 or mark@csilongwood.com if you have any questions or concerns.

Thank you for your assistance in processing this filing.

Sincerely,

Mark G. Lammert, CPA
Tax Preparer for OneVoice Communications, Inc.

cc: OneVoice Communications, Inc.
file: OneVoice Communications, Inc. – PUC - FCC

**STATEMENT OF POLICY IN TREATMENT OF
CUSTOMER PROPRIETARY NETWORK INFORMATION**

1. It is One Voice Communications, Inc.(hereafter referred to as "One Voice Communications") policy not to use CPNI for any activity other than permitted by law. Any disclosure of CPNI to other parties (such as affiliates, vendors, and agents) occurs only if it is necessary to conduct a legitimate business activity related to the services already provided by the company to the customer. If the Company is not required by law to disclose the CPNI or if the intended use does not fall within one of the carve outs, the Company will first obtain the customer's consent prior to using CPNI.
2. One Voice Communications follows industry-standard practices to prevent unauthorized access to CPNI by a person other than the subscriber or One Voice Communications. However, One Voice Communications cannot guarantee that these practices will prevent every unauthorized attempt to access, use, or disclose personally identifiable information. Therefore:
 - A. If an unauthorized disclosure were to occur, One Voice Communications shall provide notification of the breach within seven (7) days to the United States Secret Service ("USSS") and the Federal Bureau of Investigation ("FBI").
 - B. One Voice Communications shall wait an additional seven (7) days from its government notice prior to notifying the affected customers of the breach.
 - C. Notwithstanding the provisions in subparagraph B above, One Voice Communications shall not wait the additional seven (7) days to notify its customers if One Voice Communications determines there is an immediate risk of irreparable harm to the customers.
 - D. One Voice Communications shall maintain records of discovered breaches for a period of at least two (2) years.
3. All employees will be trained as to when they are, and are not, authorized to use CPNI upon employment with the Company and annually thereafter.
 - A. Specifically, One Voice Communications shall prohibit its personnel from releasing CPNI based upon a customer-initiated telephone call except under the following three (3) circumstances:
 1. When the customer has pre-established a password.
 2. When the information requested by the customer is to be sent to the customer's address of record, or

3. When One Voice Communications calls the customer's telephone number of record and discusses the information with the party initially identified by customer when service was initiated.
- B. One Voice Communications may use CPNI for the following purposes:
- To initiate, render, maintain, repair, bill and collect for services;
 - To protect its property rights; or to protect its subscribers or other carriers from fraudulent, abusive, or the unlawful use of, or subscription to, such services;
 - To provide inbound telemarketing, referral or administrative services to the customer during a customer initiated call and with the customer's informed consent.
 - To market additional services to customers that are within the same categories of service to which the customer already subscribes;
 - To market services formerly known as adjunct-to-basic services; and
 - To market additional services to customers with the receipt of informed consent via the use of opt-in or opt-out, as applicable.
4. Prior to allowing access to Customers' individually identifiable CPNI to One Voice Communications' joint venturers or independent contractors, One Voice Communications will require, in order to safeguard that information, their entry into both confidentiality agreements that ensure compliance with this Statement and shall obtain opt-in consent from a customer prior to disclosing the information. In addition, One Voice Communications requires all outside Dealers and Agents to acknowledge and certify that they may only use CPNI for the purpose for which that information has been provided.
 5. One Voice Communications requires express written authorization from the customer prior to dispensing CPNI to new carriers, except as otherwise required by law.
 6. One Voice Communications does not market, share or otherwise sell CPNI information to any third party.
 7. One Voice Communications maintains a record of its own and its affiliates' sales and marketing campaigns that use One Voice Communications' customers' CPNI. The record will include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign.
- A. Prior commencement of a sales or marketing campaign that utilizes CPNI, One Voice Communications establishes the status of a customer's CPNI approval. The following sets forth the procedure followed by One Voice Communications.
- Prior to any solicitation for customer approval, One Voice Communications will notify customers of their right to restrict the use of, disclosure of, and access to their CPNI.

- One Voice Communications will use opt-in approval for any instance in which One Voice Communications must obtain customer approval prior to using, disclosing, or permitting access to CPNI.
 - A customer's approval or disapproval remains in effect until the customer revokes or limits such approval or disapproval.
 - Records of approvals are maintained for at least one year.
 - One Voice Communications provides individual notice to customers when soliciting approval to use, disclose, or permit access to CPNI.
 - The content of One Voice Communications' CPNI notices comply with FCC rule 64.2008 (c).
8. One Voice Communications has implemented a system to obtain approval and informed consent from its customers prior to the use of CPNI for marketing purposes. This system allows for the status of a customer's CPNI approval to be clearly established prior to the use of CPNI.
 9. One Voice Communications has a supervisory review process regarding compliance with the CPNI rules for outbound marketing situations and will maintain compliance records for at least one year. Specifically, One Voice Communications' sales personnel will obtain express approval of any proposed outbound marketing request for customer approval of the use of CPNI by The General Counsel of One Voice Communications.
 10. One Voice Communications notifies customers immediately of any account changes, including address of record, authentication, online account and password related changes.
 11. One Voice Communications may negotiate alternative authentication procedures for services that One Voice Communications provides to business customers that have a dedicated account representative and a contract that specifically addresses One Voice Communications' protection of CPNI.
 12. One Voice Communications is prepared to provide written notice within five business days to the FCC of any instance where the opt-in mechanisms do not work properly to such a degree that consumer's inability to opt-in is more than an anomaly.

ANNUAL 47 C.F.R. S: 64.2010 (e) CPNI CERTIFICATION FOR 2019
EB Docket 06-36

Date Filed: January 27, 2019
Name of Company: One Voice Communications, Inc.
Form 499 Filer ID: 825713
Name of Signatory: Stephen Dize
Title of Signatory: President

I, Stephen Dize, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. &64.2001 *et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules.

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year. The steps the company has taken to protect CPNI include updating its CPNI practices and procedures and conducting new training designed to ensure compliance with the FCC's modified CPNI rules.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.
