

**Annual 47 C.F.R. § 64.2009(e) CPNI Certification**

**EB Docket 06-36**

Annual 64.2009(e) CPNI Certification for 2018.

Date filed: February 15, 2019

Name of company covered by this certification: Prairie Telephone Co., Inc.

Form 499 Filer ID: 811454

Name of signatory: Wes Treadway

Title of signatory: Marketing Director

I, Wes Treadway, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. *See 47 C.F.R. § 64.2001 et seq.*

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 *et seq.* of the Commission's rules. *See attached accompanying statement of operating procedures.*

The company has not taken any actions (proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.

The company has not received any customer complaints in the past year concerning the unauthorized release of CPNI.

The company currently has no information with respect to the processes pretexters are using to attempt to access CPNI. At this time, we have not encountered known pretexting. Our protective measures against pretexters are outlined in the accompanying statement of operating procedures.

Signed: 

**Attachment: Accompanying Statement of Operating Procedures**

Per the FCC CPNI rules [47 CFR §64.2009(e)] and as referenced in the attached signed certification, Prairie Telephone Co., Inc., herein referenced as the Company hereby certifies that the Company [and its affiliates] is in compliance with the FCC CPNI rules and has outlined some of the important operating procedures below in order to ensure the Company's compliance in the protection of CPNI:

1. CPNI file has been updated in order to account for all FCC CPNI rules, including the recent revisions, and has been adopted by our Company.
2. CPNI Compliance officer has been designated to oversee all CPNI duties, training, and activity
  - a. Established an outbound marketing supervisory review process for the use of CPNI
  - b. Records are maintained for any marketing campaigns that utilize customers' CPNI for a minimum of one year
3. Employees have been trained on when they are, and are not, authorized to use or disclose CPNI
  - a. Disciplinary process has been defined and is in place for violations and/or breaches of CPNI
4. Carrier authentication requirements have been met
  - a. All customer during a customer-initiated telephone call are authenticated as being an authorized account contact before discussing CPNI (non-call detail)
  - b. Call detail is only released to customers during customer-initiated telephone contact only by the following FCC approved methods for the release of the requested call detail: Prairie Telephone Co., Inc. does not use password method.
    - i. Sending the requested detail to the address of record (only a physical or email address associated with that particular account that has been in our company files for at least 30 days)
    - ii. Calling the customer back at the telephone of record (only disclosing if the customer was authenticated as being an authorized account contact)
    - iii. Having customer come in to Company's office and provide a valid government issued photo ID
5. Notice to customer of account change as customers are notified immediately when a customer creates or changes one of the following:
  - a. authorized user
  - b. address of record
  - c. customer response to a back-up means of authentication
6. Notice of unauthorized disclosure of CPNI, a notification process is in place in order to notify both law enforcement and customer(s) in the event of a CPNI breach within the timeline specified by the FCC
7. Opt-out method for approval of CPNI use for marketing campaigns is utilized
  - a. Customers are notified annually of their rights for the use of their CPNI in marketing campaigns
  - b. New customers are notified of the opt-out procedure as a part of the customer sign-up process
  - c. Billing system displays customer's opting status
  - d. Compliance officer retains CPNI notifications and opting records for at least two years
8. Additional protection measures are taken above and beyond the current FCC CPNI rules
  - a. Company takes reasonable measures to discover and protect against activity that is indicative of pretexting
  - b. Company maintains security of all CPNI, including but not limited to:
    - i. Documents containing CPNI are shredded

**Prairie Telephone Co., Inc.  
d/b/a Western Iowa Networks**

Policy and Procedures Governing  
Customer Proprietary Network Information

## **Introduction**

### **Statement of Company Policy-**

Under applicable federal and state laws, Prairie Telephone Co., Inc. d/b/a Western Iowa Networks, (the “Company”) has a duty to protect the confidentiality and proprietary information of, and relating to, customers, other telecommunication carriers, and equipment manufacturers. To ensure full compliance with these laws and regulations, including, specifically, the rules of the Federal Communications Commission governing customer proprietary network information (“CPNI”), this Manual sets forth in detail the policy and procedures of Prairie Telephone Co., Inc., d/b/a Western Iowa Networks governing the use, disclosure, and provision of access to such proprietary information.

### **Statement of Company Policy**

\*\*\* Each employee of the Company is required to protect the confidentiality of Customer Proprietary Network Information (CPNI) and, shall comply with all policies and procedures set forth in this Manual.

\*\*\* Any violation of or departure from the policies and procedures set forth in this Manual shall be reported to the Company’s CPNI Compliance Officer.

\*\*\* Any failure to comply with the policies and procedures set forth in this Manual shall result in disciplinary action including, but not limited to, suspension and/or termination of employment.

**The policies and procedures set forth in this manual apply to all Employees,  
Officers, and Board Members of  
Prairie Telephone Co., Inc., d/b/a Western Iowa Networks.**

1. **Definition CPNI-** Customer Proprietary Network Information
  - A. Includes personally identifiable information derived from a customer's relationship with a wireline or wireless telephone company. Every telecommunications carrier has the duty to protect the confidentiality of its customers' CPNI.
  - B. Information contained in the billings pertaining to telephone exchange service or telephone toll service received by a customer of a carrier. CPNI includes highly-sensitive personal information such as phone numbers called by a consumer; the frequency, duration, and timing of such calls, and any services purchased by the consumer, such as call waiting.
2. **Account Information-** Account information that is specifically connected to the customer's services relationship with the carrier, including such things as an account number or any component thereof, the telephone number associated with the account, or the bill's amount.
3. **Address of Record-** An address of record whether postal or electronic, is an address that the carrier has associated with the customer's account for at least 30 days.
4. **Call Detail Information-** Any information that pertains to the transmission of specific telephone calls, including, for outbound calls, the number called, and the time, location, or duration of any call and, for inbound calls, the number from which the call was placed, and the time, location, and duration of any call.
5. **Telephone number of record-** The telephone number associated with the underlying service, not the telephone number supplied as a customer's "contact information"
6. **Valid Photo ID-** A valid photo id is government- issued means of personal identification with photograph such as drivers license, passport, or comparable ID that is not expired.

### **Confidentiality of CPNI**

1. The company may only use, disclose, or permit access to individually identifiable CPNI-
  - a. as required by law
  - b. with the approval of the customer; or
  - c. in providing the telecommunication service from which the CPNI is derived or in providing services necessary to, or used in, providing such telecommunications service.
2. Disclosure upon Request by customers. The company shall disclose CPNI, upon affirmative written request by the customer, to any person designated by the customer.

### **Conduct Expressly prohibited by the Company**

1. The following are expressly prohibited by the Company:
  - a. Sale or possession of CPNI
  - b. Use of CPNI to track customers' use of competitors' services`
2. Any violation of this section shall be grounds for immediate termination of employment and, as applicable, referral to federal and/or state law enforcement authorities for further action. The Company may, however, in its discretion take alternative disciplinary action against any employee, officer, or board member of the Company found to have violated this section.

### **Permitted uses and Disclosures of CPNI**

1. The company may use CPNI obtained from its customers, either directly or indirectly through its agents.
  - a. To initiate, render, bill and collect for telecommunications services.
  - b. To provide marketing, in compliance with FCC guidelines
  - c. To protect the rights or property of the Company, or to protect users and other carriers from fraudulent or illegal use of or subscription to, such services.
  - d. For provision of information services
  - e. In its provision of maintenance and repair services

## Company Policies and Procedures

1. **Unauthorized Use of CPNI-** The Company regards any unauthorized or improper use, disclosure or access to CPNI as a serious offense, and will take appropriate disciplinary action, which may include suspension and/or termination of employment.
2. **Customer Request for CPNI-**
  - a. CPNI may be disclosed only to the customer or a third party designated by the customer to receive the customer's CPNI. The Company requires all employees to ensure that the person requesting CPNI is authorized to receive such CPNI. The Company requires authentication of a customer's identification prior to the release of CPNI on customer initiated telephone contacts or in-store visit.
  - b. The Company will disclose call detail on a customer initiated call only by sending the call detail to an address of record, calling the customer at the telephone or record, or if customer brings in a valid ID into one of our locations.
  - c. If the customer is able to provide call detail information to the Company's employee during a customer-initiated call without the Company's employee's assistance then the employee is permitted to discuss the call detail information provided by the customer.
  - d. The Company will disclose non-call detail CPNI on a customer-initiated call if the customer provides identity authentication. Identity authentication may include last four of social security number, address, and telephone number.
3. **Notice to Customers of Account Change-** The Company will notify the customer immediately when the following are created or changes (1) back up or forgotten passwords (2) the address of record (3) adding additional users to account.
4. **Records of Disclosure of CPNI-** The Company shall maintain a record of its own or any affiliates sales and marketing campaigns (if any) that use their customer's CPNI. The Company's Sales and Marketing Manager is responsible for maintaining this record, which shall include a description of each campaign, the specific CPNI that was used in the campaign, and what products and services were offered as part of the campaign. This record shall be kept for a minimum of one year.

5. **Duty to report violation or departure from CPNI Policies and Procedures**  
**Manual-** Each employee, officer, or board member of the Company has an affirmative duty to ensure compliance by the Company of the requirements under federal and state law governing the use of CPNI. Any employee, officer, or board member of the Company who knows of or has reason to believe that a violation of or departure from the policies and procedures set forth in this Manual has occurred or will occur shall immediately notify your immediate Manager, Executive Officers, or CEO, or any member of the Board of Directors if the CEO is the subject of the suspected violation.
6. **Notice to Law Enforcement of Unauthorized Disclosure of CPNI-** The Company must notify law enforcement of a breach of its customer's CPNI no later than seven business days after a reasonable determination of a breach by sending electronic notification through a central reporting facility to the United States Secret Service (USSS) and the Federal Bureau of Investigation. The Company will not notify customers or disclose the breach to the public until 7 full days have passed after the notification to the USSS and the FBI except as provided in FCC guidelines. The Company will maintain a record of breaches discovered, notifications made to the USSS and the FBI and notifications made to customers. The record will include, if available, dates of discovery and notification, a detailed description of the CPNI that was the subject of the breach and the circumstances of the breach. The record must be retained for 2 years.
7. **Employee annual certification/training-**All employees of the Company shall be given a copy of this Manual. All employees are required annually to review the manual and to certify in writing that he or she understands and will adhere to the policies and procedures in this manual.
8. **Annual Certificate of Compliance-** The Company's Officer of Compliance shall annually sign a CPNI compliance certificate stating that the officer has personal knowledge that the Company has established policies and procedures that are adequate to ensure compliance with the FCC's CPNI rules.

## Customer Proprietary Network Information (CPNI) Rules and Training

### Employee Acknowledgement:

I understand that if Breda Telephone Corp., Prairie Telephone Co., Inc., BTC, Inc., or Westside Independent Telephone Co. determines that I have violated the CPNI rules, I may be subject to disciplinary action up to and including termination of employment. I understand and agree to comply with the CPNI rules in all respects, and I will contact my Department Manager if I have questions regarding these rules.

I acknowledge that I have received CPNI training and received a copy of the manual on Policies and Procedures Governing Customer Proprietary Network Information ("Manual"). I understand the content of the training and the manual. I understand and agree to comply with all aspects of the training and manual, and I will contact my Department Manager if I have questions regarding the training or the manual.

### Training CPNI 2018

1. Department meetings were held on February 12, 2018 at our Carroll Shop location, February 13, 2018 at our Breda location and the Carroll Retail location on February 14, 2018 and we had our annual CPNI training. Compliance Officer, Stephanie Thomsen handed out our CPNI manuals and trained staff with our company's policies and procedures governing CPNI. Staff was given an acknowledgement that they were trained and fully understand CPNI. These forms were turned back into our HR department and are kept on file.

### Notification to our Customers 2018

1. December 2018- Opt out notifications were sent to all our customers. We put our 800 number and an email address if customers wanted to opt out. If we are notified that a customer would like to opt out we will set an alert in our operating system. When CSR pulls that customer's account up an alert will pop up stating "Do Not Market" attached Message.

## Sample CPNI Opt-Out Notification Bill Message

### CPNI Marketing Opt-Out Notification

It is the responsibility of Breda Telephone Corp. and its affiliate companies doing business as Western Iowa Networks (herein referred to as WIN) under federal law to protect the confidentiality of your Customer Proprietary Network Information (CPNI). CPNI is any information which is not publicly available and includes the type of phone service you receive from WIN, number of lines, the long distance carrier or calling plan you have chosen, amount of usage and calling detail.

We understand the importance you place on your privacy. That is why WIN keeps all customer account information strictly confidential to the fullest extent possible. Only WIN can see or use your CPNI. It is never released to outside marketing companies. You have the right, and we have the duty under federal law to protect the confidentiality of this type of information.

As a customer, you have the right at any time to restrict the use of CPNI for marketing purposes. No action on your part is necessary unless you wish to restrict WIN's use of this information for tailoring our service offerings to better meet your needs. If you choose not to permit WIN to use your CPNI, you may opt-out of receiving such information. Your denial for use of CPNI will remain valid until you tell WIN otherwise. The services you are currently receiving will not be affected if you opt-out, however, restricting CPNI may make you ineligible to receive information from WIN about new products and services, packaged offerings and various promotions.

If you DO NOT want to share your CPNI with WIN, please call us at 888-508-2946, send an email to [cpnidata@westianet.com](mailto:cpnidata@westianet.com), or sign and return this page to our business office at the address below within thirty (30) days.

# CPNI – Configuration, Splash Screen, Advisory and Opt-Out Notification Letters

## CPNI Configuration

A system configuration setting controls if the verification splash screen will appear in front of CPNI sensitive data. Usage and Invoice screens support verification.

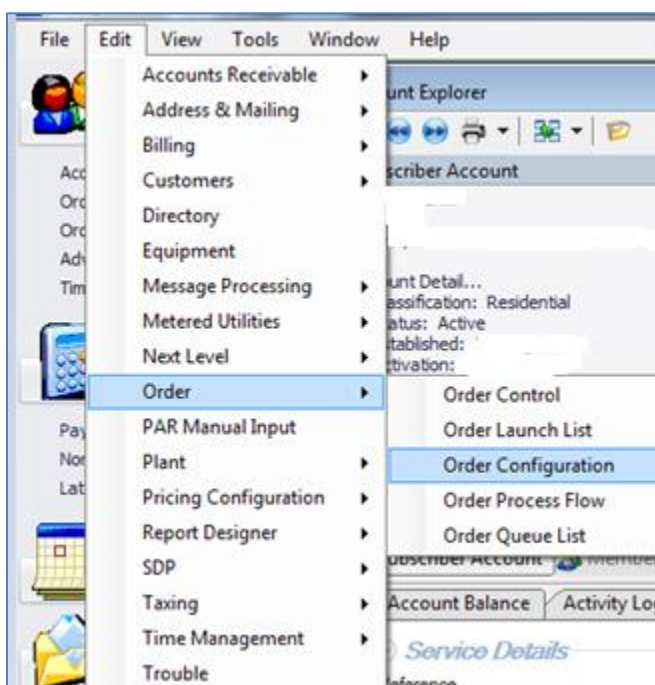

## CPNI Security Questions Configuration

A CPNI question group is defined to prompt/store security information for the customer. This adds the ability to specify one of two new password field types.

- Password-PIN (Numeric Only)
- Password-Uppercase (Exclude AEIOQU01) <- recommended for CPNI

It is recommended that the question prompting for the CPNI password use the second type listed above. Existing clients can change to this type without concern because it will auto generate passwords using the minimum length only; therefore, the user can use the auto generate button to create a new password or continue to type them in as they have in the past. Question groups are configured in the Order Configuration Table on the Question Tab screen.

In order for the questions and answers to appear in Account Explorer on the Questions tab, a Type Code has to be entered on the Type line. This code needs to be unique to each value you wish to appear in AX. Note: Once a Type code has been entered and assigned in an order, the Type should never be changed.

Question	Account Balance	Activity Log	Charges	Transactions	Credit Events	Directory	Service Detail	Contact
Type	Date	Question					▲	Response
▼ Group: Cpni & Promo Questions								
CPNIPAS	12/16/2015	CPNI Password						C34J
SECQUES	12/16/2015	Security Question						What was the name of my first pet?
▶ SECQANS	12/16/2015	Security Question Answer						Smetly

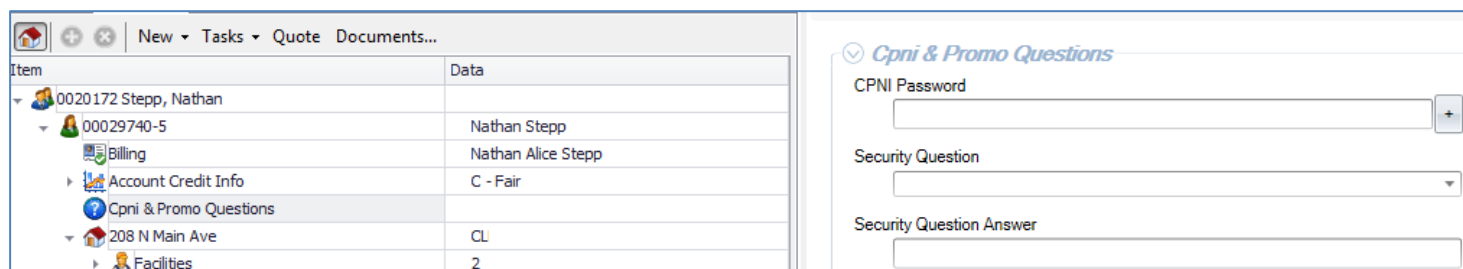

## CPNI Configuration ~ Identifying CPNI Question Group

By identifying which question group is being used for security questions in the order control screen shown below, two features will be enabled:

- CPNI Verification Screen will include the CPNI security questions (if any have been entered for the account).
- The Storefront application will include CPNI prompts with the account information.

The setting above allows you to remove the Question node from your order flow, thereby eliminating the CPNI screen from showing in the order. CPNI can then be entered on the Dynamic Service Order Screen (eLation Best Practice) so long as users are trained to always review this as part of the order process.

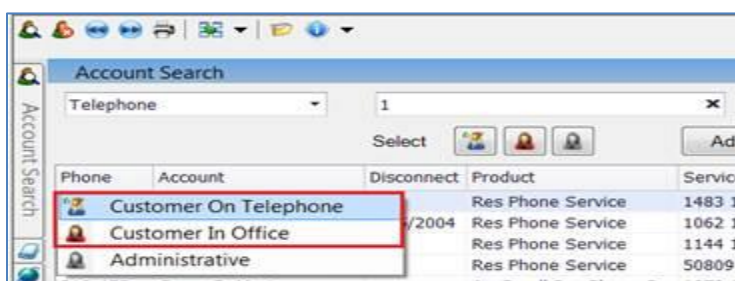

## CPNI Verification Splash Screen

Depending on company policy, verification of security information may be required when the user attempts to view an invoice and/or usage information. When the system setting (Require CPNI Verification) shown on page 2 is enabled a splash screen will appear in front of CPNI sensitive information. Once a CSR selects the method used to verify the user is who they say they are, they can click the <Continue> button and the splash screen is removed revealing the information concealed behind it.

If the CPNI verification method is answered on the Usage screen it will be applied to the Invoice Viewer as well. Likewise, selecting a verification method from the Invoice Viewer will remove the Usage splash screen. When an account is loaded for Administrative viewing the splash screen/CPNI verification will not appear. Each time an account is unloaded and reloaded CPNI verification will be required. Again, the CPNI verification screen will only appear if the account is loaded as follows:

- Customer On Telephone
- Customer In Office

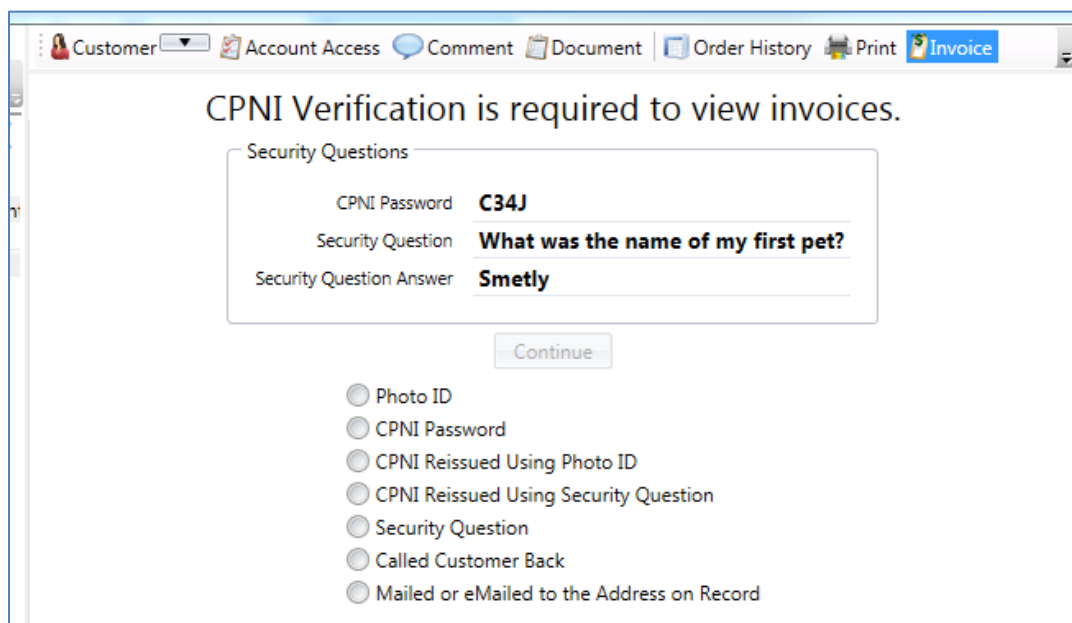

When a verification method is selected (and <Continue> button pressed) and entry is logged in the activity log for it as shown below.

Account Balance	Activity Log	Charges	Transactions	Credit Events	Directory	Service Detail
 						
Date	User	Activity				
12/17/2015 8:59...	Lacey	Account Viewed In Account Explorer (4 Times)				
Review Account -						
12/17/2015 8:59...	JeanT	Account Viewed In Account Explorer (3 Times)				
12/17/2015 8:58...	JeanT	CPNI Verification Entered (2 Times)				
12/17/2015 8:45...	Lacey	CPNI Verification Entered (2 Times)				
12/16/2015 3:44...	Lacey	Account Viewed In Account Explorer (4 Times)				
12/16/2015 1:45...	Lacey	CPNI Information Viewed (Customer In Office)				
12/16/2015 1:45...	Lacey	Dso (Order: 0112679) for service: 218-857-3530				

Selecting either of the CPNI Reissued methods will also create an entry in the Account Advisory Event Log. If the company elects to send advisory letters to their customers these two actions can be used to trigger them. Again, the following verification methods will write Advisory letter requests:

- CPNI Reissued Using Photo ID
- CPNI Reissued Using Security Question

### Invoice Viewer ~ Store Front

**Usage Window ~ No CPNI Questions:** All security prompts are removed.

## CPNI Security Data Entry

**Via Store Front Application:** When a CPNI question group has been defined and the order control table entry is set to identify which group contains this security information, store front will include an entry section on the review screen.

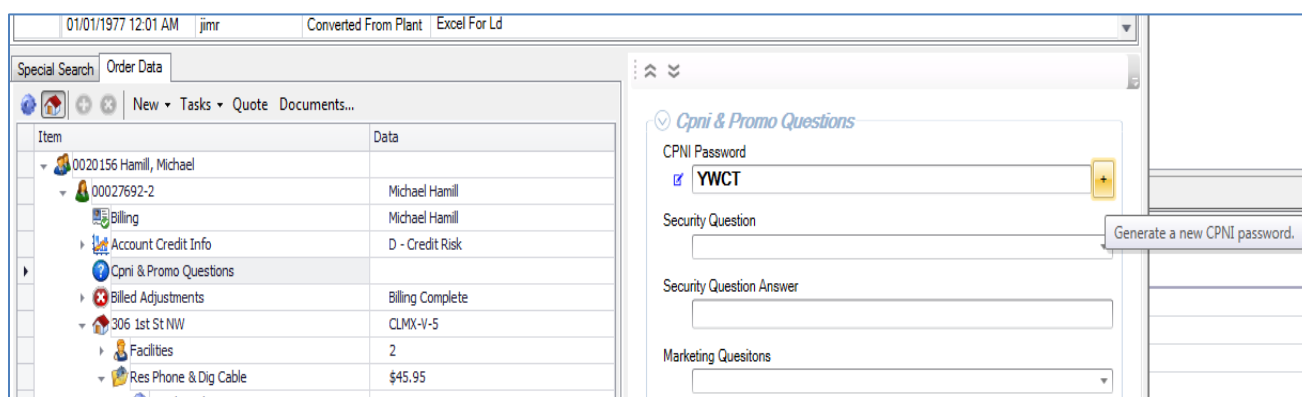

The screenshot shows the 'Review' screen of the Store Front Application. On the left, a tree view lists account details for Nathan Stepp, including 'CPNI & Promo Questions' which is highlighted with a red box. On the right, the 'Cpni & Promo Questions' section contains the following fields:

- CPNI Password:** C34J
- Security Question:** What was the name of my first pet?
- Security Question Answer:** Smetly
- Marketing Questions:** (Empty dropdown)

**Via Order Entry Application:** In order entry the CPNI question group is then entered on the Question group line on the DSO or Review screen in an order. Refer to the [CPNI Security Questions Configuration](#) section above for information on how to set up the CPNI question group (also done via the Order Configuration table).

Note: If the CPNI Password is set to auto generate, clicking the + sign will generate the PIN/PW.

The screenshot shows the 'Review' screen of the Order Entry Application. On the left, a table lists order items for Michael Hamill, with 'Cpni & Promo Questions' highlighted. On the right, the 'Cpni & Promo Questions' section contains the following fields:

- CPNI Password:** YWCT (with a '+' button to generate a new password)
- Security Question:** (Empty dropdown)
- Security Question Answer:** (Empty text field)
- Marketing Questions:** (Empty dropdown)

A tooltip 'Generate a new CPNI password.' is visible next to the '+' button.

## Advisory Letters

Advisory letters, emails or text messages can be sent when account profile information is altered.

Both storefront and order entry will create Advisory Event Log entries when specific customer data is modified. These entries can be included in an advanced search in conjunction with letter writer to notify customers when their profile data has changed. The full list of Advisory Events that are logged are as follows:

1. A new billing account was established in your name.
2. The billing address and/or name have been changed for your billing account.
3. Your email address was modified.
4. Your contact telephone number(s) has been changed.
5. Your SMS Text # number has been changed.
6. Your security access question and/or CPNI password was modified.
7. Your CPNI password was reissued using a security question.
8. Your CPNI password was reissued using photo identification
9. A new line of service has been added to your account.
10. Your new eBill account has been created.

Advisory Events 1 through 6 and 9 & 10 are automatically logged when the user updates an order. Events 7 and 8 are logged when the CSR selects the corresponding verification method from the splash screen.

**NOTE: An important detail here is that when order entry and storefront add Advisory Events the account data (name, address & email) records are the old values (if changed). CPNI requires that letters and email be sent to the old address to prevent fraud.**

If the advisory message is set to be sent as a text or an email- it will send to the primary contact on the account. If those fields aren't populated, the advisory letter will sit as a pending message and be generated through letter writer batch.

**Creating Advisory Letters ~ Advanced Search:** The Advisory Event Log node is what reports the advisory reasons. When this node is used it will include all Advisory Events that have not been processed. Simply include the filter 'Is Pending-yes' and 'Send Class-send' as shown and the advance search will return accounts that need to potentially have letters sent.

Review Account -								
12/17/2015 9:43...	Lacey	Letter: CPNI Advisory Letter						

## Reporting on Advisory Events

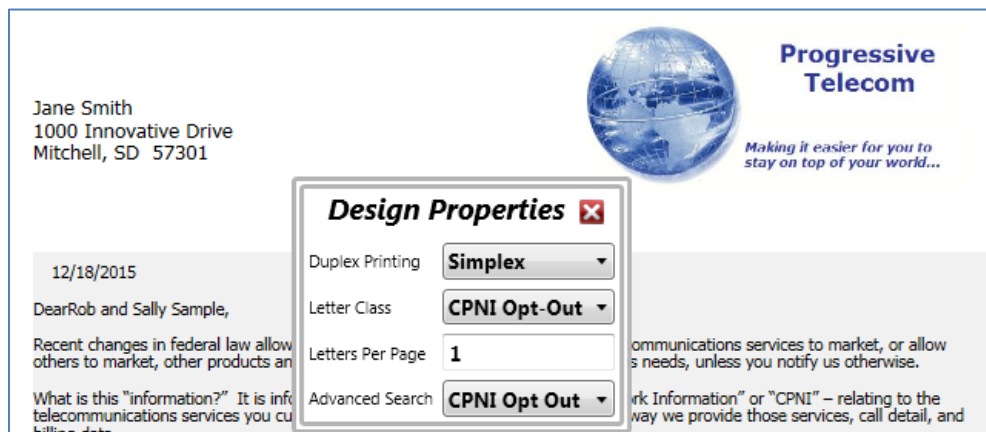

Reporting can also be done by using the Advisory Event Log node to report/extract advisory event log information.

## Creating CPNI Opt Out Letters

### Letter Designer

In letter designer set your letter class to CPNI Opt Out, and select the advanced search you created for this letter type.

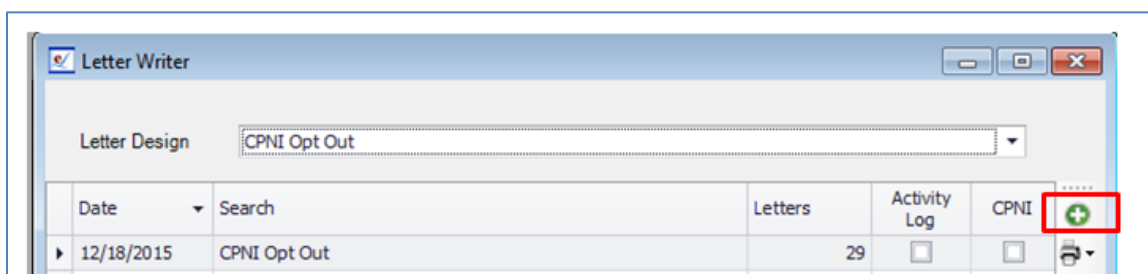

### Advanced Search

The criteria your advanced search will need will vary for your company. More than likely you will need to include the Account Data node – **change CPNI OptOut Letter Data** to within the last 1 or 2 years.

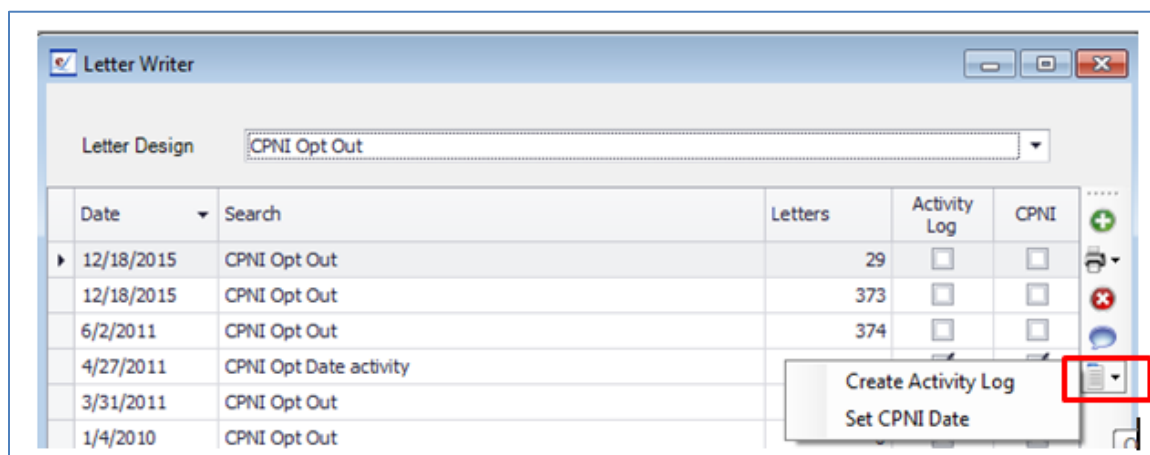

### Letter Writer- Generate Letters

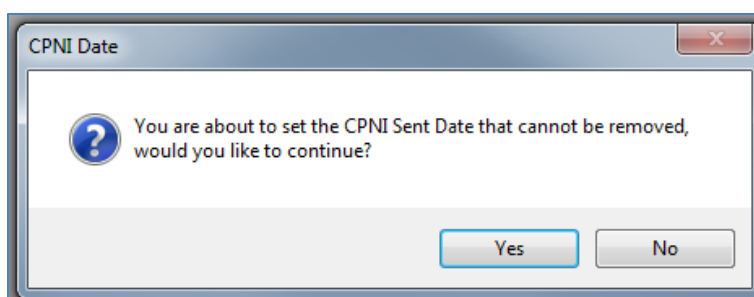

Find your letter design in the drop down and hit the green plus to create a new batch. From there you can preview using the print icon drop down.

Once you have either printed or exported the PDF file to your print vendor are ready to move on you will want to create the Activity log, and also Set the CPNI Date. By clicking the notebook piece of paper you can find both of these options.

You will be prompted with this message- click Yes to set the date or create the Activity log:

The Opt Out letters are posted to the activity log and the CPNI dates are set
