- TCA has appointed a CPNI Compliance Officer who is responsible for ensuring that the Company is in compliance with all of the CPNI rules. The Compliance Officer will file a Compliance Certification with the FCC by March 1 of each year for data pertaining to the previous calendar year.
- CPNI rules are reviewed on a regular basis with employees. Employees with access to CPNI have been trained on when they are, and are not, authorized to use CPNI.
- TCA has a defined disciplinary process in place for violations and for improper use of CPNI.
- A process that meets the notice requirements of the rules has been developed for notifying customers of their CPNI rights and for requesting approval to use CPNI via the opt-out method.
- Since TCA uses the opt-out method, it provides the CPNI notification to customers every two years. TCA will provide written notice within five business days to the FCC of any instance where the opt-out mechanisms do not work properly.

- TCA retains CPNI notification records for a minimum of one year.
- TCA will not provide CPNI to third parties without the customer's affirmative approval to do so.
- TCA has established a process for maintaining a record of any marketing campaign of its own or of its affiliates that uses the CPNI of its customers. Specific details of the campaign will be maintained on a spreadsheet and will be retained for a minimum of one year.
- Management must approve all sales and marketing campaigns. TCA has established a supervisory process for any outbound marketing efforts to ensure that supervisory approval has been obtained for any proposed outbound marketing.
- TCA does not disclose any CPNI until the customer has been appropriately authenticated and has a process that is compliant with the rules for providing call-detail information to customers.
- TCA promptly notifies a customer whenever a change is made to the customer's account either by voicemail to the telephone number of record or to the address of record.
- TCA has a process in place for handling breaches which includes notification to the USSS and FBI via the FCC link at <http://www.fcc.gov/eb/cpni>.
- TCA's CPNI policies include reasonable measures to discover and protect against activity that is indicative of pretexting and employees are instructed to notify the CPNI Compliance Officer if any such activity is suspected.
