Re: *In the Matter of Accelerating Wireline Broadband Deployment by Removing  
Barriers to Infrastructure Investment*; WC Docket No. 17-84 - ERRATUM

Dear Ms. Dortch:

On February 12, 2018, CenterPoint Energy Houston Electric, LLC (“CenterPoint Energy”) and Florida Power & Light Company (“FPL”) (collectively referred to herein as the “Parties”) filed an ex parte notification regarding their February 8, 2018 meetings with the Commission to discuss the Commission’s current proposals in the above-referenced proceeding to amend its rules governing pole attachments (“Feb. 12th Ex Parte Notice”).

The Feb. 12th Ex Parte Notice incorrectly noted that Alison Nemeth was present at one of the February 8th meetings when in fact the staff member present was Alison Cheperdak.

In addition, Feb. 12th Ex Parte Notice mistakenly included a statement that at the February 8th meetings, FPL stated that the Commission should require that any attacher that fails to participate in OTMR based only on its own contractual or operational preferences, unless doing so is prohibited by law or exigent circumstances, should pay any additional cost caused by the attacher’s failure to participate in OTMR. FPL did not make that statement at the February 8th meetings, but did make that statement at a February 9th meeting with representatives from the Office of General Counsel and the Wireline Competition Bureau. That meeting was addressed in an additional ex parte notice filed on February 13th.
