Re: Bright Packet, Inc. WC Docket 18-299

Dear Ms. Sclater:

As per your request, please find clarifications to the 3 points in the Petition for Numbering Resources.

1. Bright Packet currently has interconnection Agreements with the ILEC (for PSTN) in NY, NJ & CA. To clarify, Bright Packet has current agreements for both origination and termination with Windstream. Please see Appendix "A".
2. The statement on page 3 is a mistake. Bright Packet only has agreements with the ILEC's for direct PSTN connection.
3. Currently in CA, NJ & NY. Other states may follow later.

Respectfully,

/Joseph Isaacs/
