**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We live in a rural community and many of the big internet companies do not service our area. My husbands work requires high-speed Internet access from home. When we were searching for houses we wanted to be out of the city but many small towns didnt have great internet service. When we found our current home in Bentley, KS we called the city hall and asked about internet service, we found out that Ideatek provided 1gig fiber internet service! Finding out IdeaTek was in the area sold us on buying our current home! We are very happy with our internet services and the price with IdeaTek. We receive faster and better services with Ideatek than we did with Comcast in Denver, CO at our previous home!!! There is a huge need for reliable and reasonably priced internet in our area.
