**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I choose a competitive provider because I had the option to do so.

I Say NO to price hikes that will increase the cost of internet and telephone services.

Affordable broadband is critical to my home because it is used to provide entertainment, communication, and product research for my household.

I now have fiber but was previously connected with DSL. I was able to lower my monthly bill by about 12% while increasing my download speed by 1000X!!!

I live in a rural community, this is why local broadband providers are so critical, the big companies do not service my community.
