## ACCOMPANYING STATEMENT

The Company's operating procedures ensure that it is in compliance with the FCC's CPNI Rules because disclosure of, or permitting access to, our customers' CPNI is not allowed without obtaining the requisite customer approval, except as required by law, or the exceptions set forth in 47 U.S.C. §222, and Subpart U of Title 47 of the Code of Federal Regulations; 47 C.F.R. §64.2001 through §64.2011.

The Company has designated a Director for CPNI compliance who is responsible for communicating with the Company's attorney and/or consultants regarding CPNI responsibilities, requirements and restrictions; supervising the training of the Company employees who use or have access to CPNI; supervising the use, disclosure, distribution or access to the Company's CPNI by independent contractors and joint venture partners; maintaining records regarding the use of CPNI in marketing campaigns; and receiving, reviewing and resolving questions or issues regarding the use, disclosure, distribution or provision of access to CPNI.

Appropriate safeguards on the disclosure of CPNI have been implemented in accordance with C.F. R. §64.2010. Customers are properly authenticated before disclosing CPNI on customer-initiated telephone calls or business office visits. Authentication through the use of passwords and back-up authentication questions in the event of lost or forgotten passwords have been implemented. Passwords and back-up authentication security questions are established in accordance with §64.2010(e). Call detail information is not discussed with a customer on a customer-initiated call unless the customer can provide a pre-established password, or the customer has sufficient details about the call(s) in question to address the customer service issue. If the customer is unable to provide a password or specific details of the call, call detail information can be shared only by (1) calling the customer back at the telephone number of record; (2) mailing the information to the address of record; or (3) the customer coming to the office with a valid photo I.D.

The Company has internal procedures in place to educate our employees about CPNI and the disclosure of CPNI. Employees with access to this information are aware of the FCC's rules and are prohibited from disclosing or permitting access to CPNI without the appropriate customer consent or as allowed by law and the FCC rules. The Company's Employee Handbook includes disciplinary actions related to the misuse of CPNI. Any employee that uses, discloses, or permits access to CPNI in violation of Federal regulations is subject to disciplinary action, and possible termination.
