## **SECTION ONE INTRODUCTION AND PURPOSE**

### **1.1 PURPOSE OF THE REQUEST FOR PROPOSAL (RFP)**

It is the intent of the Texas Education Agency (TEA) to solicit proposals to provide the Advanced Technical Credit (ATC) Program in accordance with all requirements stated herein.

The project provides for services and products needed to promote effective secondary and postsecondary articulation partnerships that develop seamless, non-duplicative Career and Technical Education (CTE) programs through the screening of applicants, online professional development for qualified teachers, and documentation of the training and credentials of secondary ATC teachers. The ATC program also supports a statewide ATC Leadership Committee that facilitates review and revision of new and existing course alignments. Eligible Proposers are community colleges, nonprofit organizations, institutions of higher education, companies, individuals, and regional education service centers.

### **1.2 BACKGROUND INFORMATION**

The Advanced Technical Credit (ATC) Program gives high school students a chance to receive credit at participating community colleges across Texas for taking certain enhanced technical courses during high school. The statewide articulated courses and their equivalent college courses are listed in the ATC Course Crosswalk, [http://www.atctexas.org/atc\\_crosswalk\\_menu.asp](http://www.atctexas.org/atc_crosswalk_menu.asp). All the participating community colleges have agreed to offer students credit for these courses, provided the college offers the course and the students meet certain criteria. The content-enhanced high school courses listed in the ATC Course Crosswalk have been found to be substantially equal to the introductory-level college courses indicated.

The alignment of the statewide articulated courses is done by statewide teams of secondary and postsecondary subject area faculty who compare the Texas Essential Knowledge and Skills (TEKS) for each high school course with the course descriptions, syllabi, and expectations of comparable courses found in the postsecondary Workforce Education Course Manual (WECM). These courses are most often used in technical certificate and degree programs at public community and technical colleges. For a high school to offer a statewide articulated course to its students, the teacher of the course must meet the ATC teacher requirements, go through ATC training, and teach the high school course so that it is enhanced to meet the content of the equivalent college course. Statewide articulated courses are only offered in technical or workforce areas - courses in academic areas such as English or history are not offered as ATC courses.

### **1.3 CONTRACT TERM/OPTION TO EXTEND**

The term of any contract resulting from this RFP shall be from contract award until August 31, 2016. TEA, at its own discretion, may extend any contract awarded pursuant to this RFP for up to two additional fiscal years under the same or different terms subject to appropriation of funds by the United States Department of Education for this project. If renewed, the first renewal period shall be from September 1, 2016 through August 31, 2017; and the second renewal period shall be from September 1, 2017 through August 31, 2018.

### **1.4 BUDGET**

The following is provided in compliance with the Federal Funding Accountability and Transparency Act (FFATA) and its subsequent amendments to increase transparency and improve access to Federal Government information. Specifically, §200.211, *Public access to Federal award information*. TEA will award one cost-reimbursement contract in an amount not to exceed \$350,000. Proposals must include a detailed budget in accordance with the requirements of Section 3.5 of the Request for Proposal.

### **1.5 PROJECT DESCRIPTION AND REQUIREMENTS**

#### **A. Project Description**

- 1) Conduct an annual alignment of CTE TEKS to the Workforce Education Course Manual (WECM) courses. Alignment meetings will utilize secondary and postsecondary teachers in each discipline and follow the WECM schedule, which reviews most courses on a three year rotation, although some courses are reviewed yearly.

In addition, suggestions for other alignments are made by stakeholders, reviewed by the ATC Leadership Committee of statewide representatives, and if recommended, are scheduled for alignment review by faculty and teachers. As course outcomes at the postsecondary level change, the ATC alignments must be reviewed to assure compliance. Alignment meetings may be conducted in conjunction with CTE professional development conferences such as, Family and Consumer Sciences Teachers Association of Texas, Career and Technology Association of Texas, TIVA, or Vocational Agriculture Teachers Association of Texas.

- 2) Update and maintain the ATC Course Crosswalk document after the conclusion of yearly TEKS/WECM alignment meetings. After final approval of the ATC Course Crosswalk document by the ATC Leadership Committee, the crosswalk will be made available on the ATC website.
- 3) Conduct pre-screening of CTE secondary teacher qualifications by reviewing unofficial college transcripts to ensure that credentials meet the Southern Association of College Systems (SACS) accountability requirements. Supplemental employment verification may be requested as well as any other related information that is relevant. Documents are submitted by teachers electronically, and are to be reviewed within two weeks of receipt of all documents. Teachers will be notified by email of the results of preliminary screening.
- 4) Ensure that all secondary CTE teacher applicants meet all SACS requirements prior to approval for online professional development trainings. Official copies of college transcripts must be on file before final approval can be granted.
- 5) Collect and file official transcripts and supporting documentation for each approved secondary CTE teacher. Ensure official transcripts are safe and secure.
- 6) Provide existing TEA online professional development training modules for secondary CTE teachers approved to teach statewide articulated courses. The training consists of two parts, Part 1 training is a general overview of the ATC program and is required of all teachers approved to be ATC certified. Part 2 training is a one hour session, per each statewide articulated course, that provides information on the college course equivalent to the high school CTE course. The training will provide guidance for enhancing the secondary course curriculum outcomes to match the outcomes of the college course.
- 7) Develop and implement additional Part II online professional development training modules as new secondary to postsecondary alignments are added to the ATC crosswalk. Current and future professional development modules are to be made available on the ATC website and provide twenty-four/seven online training.
- 8) Develop and host a high quality ATC website to house all ATC program and teacher data, including teacher credentials and online professional development videos/modules. The website is to have the ability to allow teachers to search for online trainings.
- 9) Monitor and report quarterly data regarding service availability and downtime and usage of the website and to ensure that system downtime for maintenance is kept to a minimum and takes place at times that are least likely to cause disruption to services.
- 10) Maintain a statewide online database of ATC approved secondary teachers. The online database will enable community and technical colleges to verify secondary teacher credentials to ensure compliance with SACS requirements. Local school district administrators may also use the online database to verify trainings completed by their district secondary CTE teacher.
- 11) The statewide online database will allow secondary CTE teachers to manage their personal information and allow teachers to print virtual certificates of Part I and Part II trainings successfully completed.
- 12) Provide support (including, but not limited to, travel expenses and space for meetings) for four statewide ATC Leadership Committee meetings that approve the review and revision of existing, as well as new, course alignments.
- 13) Develop and implement a strategic plan for delivering current and future online professional development training modules in collaboration with the TEA Project Manager and the ATC Leadership Committee.

- 14) Develop and provide resources to support the statewide articulation process for CTE courses, including presentations at no fewer than four CTE professional development conferences or meetings.

**B. Tasks and Activities**

- 1) Carry out the requirements of the contract.
- 2) Secure meeting room rental for ATC Leadership Committee meetings and/or for TEKS WECM alignment committee meetings.
- 3) Planning, development, and implementation of online professional development modules.
- 4) Process conference registration fees for ATC presentations and/or exhibits and CTE related conferences.
- 5) Purchase computer equipment and software as needed to carry out the deliverables of the contract.
- 6) Purchase supplies and materials for carrying out program requirements.
- 7) Reimburse travel costs for contract personnel, ATC Leadership Committee, and TEKS WECM alignment committee meetings.
- 8) Develop, monitor and maintain the ATC website and ensure that system downtime for maintenance is kept to a minimum and takes place at times that are least likely to cause disruption to services.

**C. Project Evaluation and Performance Measures**

Proposer must describe in the proposal an evaluation plan for monitoring the implementation of the program on an ongoing basis and for determining whether the program met its stated goals and objectives and achieved the desired results based on the established performance indicators. By submitting the proposal, the Proposer agrees to comply with any reporting and evaluation requirements that may be established by TEA and agrees to submit the reports in the format and time requested by TEA.

The Proposer agrees to collect data and report on the following mandatory performance measures:

- 1) Number of TEKS-WECM alignment meetings held
- 2) Number of secondary teacher credentials pre-screened
- 3) Number of teachers completing Part 1 online training
- 4) Number of teachers completing Part 2 online training
- 5) Number of ATC Leadership Committee meetings conducted
- 6) Number of inquiries to the secondary CTE teacher database
- 7) Percentage of downtime and usage of the website
- 8) Number of website updates and enhancements

**D. Reporting Requirements**

Reports are due to the TEA Project Manager on the following dates.

- 1) June 30, 2016
- 2) August 31, 2016

All proposals in response to the solicitation must meet the conditions in order to be considered. Failure to meet the conditions shall result in disqualification of proposal and shall receive no further consideration.

## 2.3 QUESTIONS RECEIVED PRIOR TO OPENING OF PROPOSALS

Any person wanting to obtain clarifying information about this Request for Proposal may contact:

Debra Rosas

[TEAContracts@tea.texas.gov](mailto:TEAContracts@tea.texas.gov)

*(Written documentation of all Proposer interaction is required.)*

### 2.3.1 Requests for Additional Information

In order to ensure that no prospective Proposer may obtain a competitive advantage because of acquisition of information unknown to other prospective Proposers, any additional information that is different from or in addition to information provided in the RFP will be provided only in response to written inquiries. Copies of all such inquiries and the written answers will be posted as an addendum to the RFP in the ESD at <http://esbd.cpa.state.tx.us/>. The Proposer's failure to periodically check the ESD will in no way release the selected Contractor from "addenda or additional information" resulting in additional cost to meet the requirements of the RFP. **NO PHONE INQUIRIES WILL BE ACCEPTED.**

If Proposers do not have Internet access, copies may be obtained through the point of contact listed in this RFP. Upon publication of this RFP, besides written inquiries as described above, employees and representatives of TEA will not answer questions or otherwise discuss the contents of the RFP with any potential Contractor or their representatives. If a Proposer fails to observe this restriction, that Proposer's response to this RFP will be disqualified. This restriction does not preclude discussions for the purpose of conducting business unrelated to this RFP. TEA will not be bound by any communication with Proposer's other than the written addenda issued by the Agency.

## 2.4 STANDARD PROPOSAL REQUIREMENTS

- A. Proposals that address only part of the requirements contained in this RFP may be considered non-responsive.
- B. TEA reserves the right to reject any/all proposals and to negotiate portions thereof including the submitted cost proposals/budget.
- C. Texas Education Agency reserves the right to select the proposal based on the best value to the state of Texas and the agency. The Proposer shall furnish additional information that the Evaluation team may require in order to complete the evaluation of the proposals submitted. Failure to provide the requested material or information may disqualify the proposal.
- D. The Contractor must work with the Agency staff to clarify the project activities, and/or other products, and modify these items if necessary.

## 2.5 STATE NOT RESPONSIBLE FOR PREPARATION COSTS

The TEA will not be liable for any costs incurred in the preparation and submittal of a proposal.

## 2.6 DISCLOSURE OF PROPOSAL CONTENT

After contract award, proposals are subject to release under the Texas Government Code, Chapter 552, Public Information Act. Proposers must indicate on their proposal cover if their submission contains proprietary information. It is recommended that a Proposer identify the specific sections within the proposal that it considers proprietary.

Selected Contractor is required to make any information created or exchanged with the state pursuant to this contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state. Selected contractor and TEA will agree on the specific format that will be used.

## 2.7 HISTORICALLY UNDERUTILIZED BUSINESS (HUB) SUBCONTRACTING PLAN

It is the policy of the TEA to promote and encourage contracting and subcontracting opportunities for HUBs in all contracts. Accordingly, TEA has adopted the Policy on Utilization of HUBs. If the TEA determines that subcontracting opportunities are probable, then a HUB Subcontracting Plan (HSP) is a required element of the Proposal.

**2.7.1 Statement of Probability** – TEA has determined that subcontracting opportunities are probable in connection with this procurement. Therefore, ALL Proposers must submit the HSP as a part of the response. The Proposer shall develop and administer the HSP as a part of the Proposer's proposal in accordance with the state law. Proposer must make a good faith effort and solicit a minimum of three Texas certified historically underutilized businesses from the state's Centralized Master Bidders List (CMBL) / HUB Directory for work that they cannot complete with their own staff and resources. Proposers must also notify minority or women trade organizations of subcontracting opportunities. Additional requirements are listed in the HSP, Attachment C.

**2.7.2** If the Proposer is a HUB, a HSP is still required in order to identify the percentage of the work to be performed by subcontractors. If the Proposer is not subcontracting any portion of the work, the Self Performance portion of the HSP must be completed and returned with the proposal response.

The HUB Subcontracting goal for this procurement is **26.0%** minority, woman-owned and/or veteran service disabled owned business participation. In the event proposals have equal scores, the proposal with the highest percentage of HUB subcontracting will be awarded the contract.

The HSP will be incorporated into the contract between the TEA and the selected Proposer. Contractors are encouraged to collaborate with TEA to develop mentor protégé opportunities. Under TAC Title 34, §20.14, a Proposer's participation in a Mentor Protégé Program under TGC §2161.065, and the submission of a protégé as a subcontractor in the HSP constitutes a good faith effort for the particular area to be subcontracted with the protégé.

Proposals that are required to submit a HSP and fail to submit the HSP will be rejected for non-compliance with the advertised contract specifications.

The Contractor awarded the contract will be responsible for maintaining business records documenting compliance with HUB Program requirements. The selected Proposer shall submit a Progress Assessment Report (PAR) form monthly documenting all subcontractor payments made in the preceding month. Submission of the PAR is a condition for payment. The selected Contractor shall also report all 2<sup>nd</sup> and 3<sup>rd</sup> Tier subcontracting in the monthly PAR. PAR's are due no later than the 10<sup>th</sup> day of the following month. The PAR is required to be submitted monthly, even if no activity occurred for the month. Reports shall be submitted electronically to the [HUBOffice@tea.texas.gov](mailto:HUBOffice@tea.texas.gov).

Proposers who are certified as a HUB with the State of Texas are encouraged to submit a proposal for the services requested in this RFP.

## 2.8 CONFLICT OF INTEREST

A Proposer will not be selected if it has a conflict of interest that will or may arise during the performance of its obligations under the contract. For this reason, Proposer's response to this RFP must disclose any existing or potential conflicts of interest or possible issues that might create appearances of impropriety relative to the submission of a proposal from Proposer and its proposed subcontractors', possible selection as Successful Proposer, or its performance of the Contract.

As part of this disclosure requirement, each Proposer must include in its proposal all past and present contractual, business, financial or personal relationships between Proposer and TEA and between Proposer's proposed subcontractors, if any, and TEA. For purposes of this disclosure requirement, (i) "past" is defined as within the two (2) calendar years prior to the deadline for submission of proposals in response to this RFP; (ii) TEA is defined as the statewide elected official who heads the agency as well as the agency's employees or recent former employees; and (iii) "recent former employees" are defined as those TEA employees who have terminated agency employment within the two (2) calendar years prior to the deadline for submission of proposals in response to this RFP. For each item, Proposer must provide a detailed explanation of why Proposer does or does not believe such item poses a conflict of interest, potential conflict of interest, or appearance of impropriety issue relative to Proposer's submission of a proposal, possible selection as Successful Proposer or its performance of the Contract.

For purposes of this RFP, "personal relationship" is defined as a current or past connection other than a clearly contractual, business, financial, or similar relationship and includes family relationships or other connections outside simply providing a response to this RFP. For this purpose, "family relationship" means a relationship within the third degree of consanguinity or second degree of affinity (see Chapter 573 of the Texas Government Code) which defines these degrees of consanguinity and affinity.

Connections other than such family relationships fall within this definition and must be disclosed if a reasonable person could expect the connection to diminish Proposer's independence of judgment or effectiveness in the performance of Proposer's responsibilities to TEA or the State under the Contract. Connections also fall within this definition if a reasonable person could expect the connection, within the overall context of Proposer's submission of a proposal, possible selection as Successful Proposer, or its performance of the Contract, to create an issue for the agency's consideration relative to a potential appearance of impropriety or conflict of interest.

Proposer certifies that they are in compliance with Texas Government Code, Title 6, Subtitle B, Section 669.003 of the Government Code, relating to contracting with executive head of a state agency. If Section 669.003 applies, Proposer will complete the following information in order for the bid to be evaluated: Name of Former Executive; Name of State Agency; Date of Separation from State Agency; Position with Bidder; and Date of Employment with Bidder.

If the circumstances certified by Proposer change or additional information are obtained subsequent to submission of proposals, by submitting a response Proposer agrees that it is under a continuing duty to supplement its response under this provision and that the duty to disclosure of any conflicts of interest is an ongoing obligation throughout the term of the contract. Proposer shall submit updated information as soon as reasonably possible upon learning of any change to their affirmation.

### 4.1 REVIEW OF PROPOSALS

Review of proposals will begin as soon as practical after receipt. The Proposers receiving the most favorable ratings during the first round of selection will be asked to send a representative to Austin, Texas, at a time and place to be arranged for oral presentation of proposals. The Evaluation team consists of TEA staff knowledgeable in the content area, and may also include reviewers from outside the Agency with expertise in the area. The recommendations of the Team will be presented to senior executive agency staff who will:

1. Approve the proposal in whole or in part
2. Disapprove the proposal
3. Defer action on the proposal for such reasons as a requirement for further evaluation

By law, the Agency may not disclose any information until a contract is executed by both parties. Additional copies of proposals **not selected for funding** will be destroyed in accordance with the agency approved records retention policy.

### 4.2 SELECTION CRITERIA

A Proposer who is in default or otherwise not in good standing under any other current or prior contract with TEA at the time of selection will not be eligible for award of this contract. TEA will base its selection on, among other things, demonstrated competence, qualifications of the proposer, past contractor performance, and the proposed budget/cost. All state agencies report unsatisfactory Contractor performance on purchases over \$25,000. Agencies report satisfactory and exceptional Contractor performance to assist in determining best value. In accordance with Texas Government Code, §2155.074 and §2155.75, Contractor performance shall be used as a factor in future contract awards. Sanctions

If Contractor, in TEA's sole determination, fails or refuses for any reason to comply with or perform any of its obligations under this Contract, TEA may impose such sanctions as it may deem appropriate. This includes but is not limited to the withholding of payments to Contractor until Contractor complies; the cancellation, termination, or suspension of this contract in whole or in part; and the seeking of other remedies as may be provided by this contract or by law. Whenever communications with Contractor necessitate the release of Confidential TEA Information, additional TEA Confidential forms will need to be signed by each individual who will require access to or may be exposed to that information. Contractor shall access TEA's systems or Confidential TEA Information only for the purposes for which it is authorized. TEA reserves the right to review Contractor's security policy to ensure that any data that is on Contractor's servers is secure. Contractor shall cooperate fully by making resources, personnel, and systems access available to TEA and TEA's authorized representative(s).

Contractor shall ensure that any TEA Confidential Information in the custody of Contractor is properly sanitized or destroyed when the information is no longer required to be retained by TEA or Contractor in accordance with this contract. Electronic media used for storing any Confidential TEA Information must be sanitized by clearing, purging or destroying in accordance with such standards established by the National Institute of Standards and Technology and the Center for Internet Security. Performing Party, its employees and subcontractor's, agree that in executing tasks on behalf of the TEA, they will not use any student-identifying information in any way that violates the provisions of FERPA, and will destroy or return all student-identifying information within sixty (60) days of project completion. Performing Party also agrees not to disclose any information to which it is privy under this Contract without the prior consent of the agency.

## **Access to Internal TEA Network and Systems**

As a condition of gaining remote access to any internal TEA network and systems, Contractor must comply with TEA's policies and procedures. TEA's remote access request procedures will require Contractor to submit TEA Applicable Access Request forms for TEA's review and approval. Remote access technologies provided by Contractor must be approved by TEA's Information Security Officer. TEA, in its sole discretion, may deny network or system access to any individual that does not complete the required forms. Contractor must secure its own connected systems in a manner consistent with TEA's requirements. TEA reserves the right to audit the security measures in effect on Contractor's connected systems without prior warning. TEA also reserves the right to immediately terminate network and system connections not meeting such requirements.

## **Disclosure of Security Breach**

Contractor shall provide notice to TEA's Project Manager and TEA's Information Security Officer as soon as possible following Contractor's discovery or reasonable belief that there has been unauthorized use, exposure, access, disclosure, compromise, modification, or loss of sensitive or confidential TEA information ("Security Incident"). - (5) What corrective action Contractor has taken or will take to prevent future similar unauthorized use or disclosure

Contractor shall confer with TEA's Chief Information Security Officer regarding the proper course of the investigation and risk mitigation. TEA reserves the right to conduct an independent investigation of any Security Incident, and should TEA choose to do so, Contractor shall cooperate fully by making resources, personnel, and systems access available to TEA and TEA's authorized representative(s). Subject to review and approval of TEA's Information Security Officer, Contractor, at its own cost, shall provide notice that satisfies the requirements of applicable law to individuals whose personal, confidential, or privileged data were compromised or likely compromised as a result of the Security Incident. If TEA, in its sole discretion, elects to send its own separate notice, then all costs associated with preparing and providing notice shall be reimbursed to TEA by Contractor. If Contractor does not reimburse such costs within 30 days of TEA's written request, then TEA shall have the right to collect such costs.

- L. Refunds Due to TEA:** If TEA determines that TEA is due a refund of money paid to Contractor pursuant to this contract, Contractor shall pay the money due to TEA within 30 days of Contractor's receipt of written notice that such money is due to TEA. If Contractor fails to make timely payment, TEA may obtain such money from Contractor by any means permitted by law, including but not limited to offset, counterclaim, cancellation, termination, suspension, total withholding, and/or disapproval of all or any subsequent applications for said funds.
- M. Capital Outlay:** If Contractor purchases capital outlay (furniture and/or equipment) to accomplish the contract Project, title will remain with Contractor for the period of the contract. This provision applies to any and all furniture and/or equipment regardless of unit price and how the item is classified in Contractor's accounting record. This provision is applicable when federal funds are utilized for the contract.

- N. TEA Property (terms):** In the event of loss, damage or destruction of any property owned by or loaned by TEA while in the custody or control of Contractor, Contractor shall indemnify TEA and pay to TEA the full value of or the full cost of repair or replacement of such property, whichever is the greater, within 30 days of Contractor's receipt of written notice of TEA's determination of the amount due. This applies whether the property is developed or purchased by Contractor pursuant to this contract or is provided by TEA to Contractor for use in the contract Project. If Contractor fails to make timely payment, TEA may obtain such money from Contractor by any means permitted by law, including but not limited to offset or counterclaim against any money otherwise due to Contractor by TEA.
- O. State of Texas Laws:** In the conduct of the Contract Project, Contractor shall be subject to laws or rules of the State of Texas pertaining to and or governing this contract and the Contract Project. This contract constitutes the entire agreement between TEA and Contractor for the accomplishment of the Contract Project. This contract shall be interpreted according to the laws of the State of Texas except as may be otherwise provided for in this contract.

TEA shall be responsible for reporting to the proper authorities any failure by Contractor to comply with the foregoing laws and regulations coming to TEA's attention, and may deny payment or recover payments made by TEA to Contractor in the event of Contractor's failure so to comply. Contractor who is indebted or owes delinquent taxes to the state will have any payments under the contract applied toward the debt or delinquent taxes owed the state until the account is paid in full, regardless of when the debt or delinquency was incurred. This provision does not apply if the warrant or transfer results in payments being made in whole or in part with money paid to the state by the Federal Government. Pursuant to 34 TAC §201.14 -18 and Texas Government Code, Chapter 2161, Contractors shall maintain business records documenting compliance with the HUB subcontracting plan (HSP) and shall submit a compliance report to TEA monthly, in the format required by TEA. The compliance report submission shall be required as a condition for payment. If Contractor subcontracts any part of the contract in a manner that is not consistent with its HSP, the selected respondent must submit a revised HSP before subcontracting any of the work under the contract. If Contractor subcontracts any of the work without prior authorization and without complying with this section, Contractor is deemed to have breached the contract and is subject to any remedial actions provided by Government Code, Chapter 2161, and other applicable state law.

- S. Signature Authority; Final Expression; Superseding Document:** Contractor certifies that the person signing this contract has been properly delegated this authority. The contract represents the final and complete expression of the terms of agreement between the parties. The contract supersedes any previous understandings or negotiations between the parties. Any representations, oral statements, promises or warranties that differ from the contract shall have no force or effect. The contract may be modified, amended or extended only by formal written amendment properly executed by both TEA and Contractor.
- T. Antitrust:** By signing this contract, Contractor, represents and warrants that neither Contractor nor any firm, corporation, partnership, or institution represented by Contractor, or anyone acting for such firm, corporation or institution has, (1) violated the antitrust laws of the State of Texas under Texas Business and Commerce Code, Chapter 15, or the federal antitrust laws; or (2) communicated directly or indirectly the Proposal to any competitor or any other person engaged in such line of business during the procurement process for this contract.
- U. Family Code Applicability:** By signing this contract, Contractor, if other than a state party, certifies that under Section 231.006, Family Code, that Contractor is not ineligible to receive specified grant, loan, or payment under this contract and acknowledges that this contract may be terminated and payment may be withheld if this certification is inaccurate. TEA reserves the right to terminate this Contract if Contractor is found to be ineligible to receive payment. If Contractor is found to be ineligible to receive payment and the contract is terminated, Contractor is liable to TEA for attorney's fees, the costs necessary to complete the contract, including the cost of advertising and awarding a second contract, and any other damages or relief provided by law or equity.
- V. Dispute Resolution:** The dispute resolution process provided for in Chapter 2260 of the Texas Government Code must be used by TEA and Contractor to attempt to resolve all disputes arising under this contract. The parties may agree to mediation of their dispute at any time. However, if all issues in dispute are not completely resolved through direct negotiations between the parties within 180 days after TEA receives Contractor's notice of claim, then the parties must submit the dispute to mediation before a mutually acceptable mediator in Travis County, Texas. The mediation must be completed on or before 270 days after TEA receives Contractor's notice of claim. Completion of the mediation is a condition precedent to the filing of a contested case hearing under Chapter 2260. TEA's participation in mediation or any other dispute resolution process shall not waive any of TEA's contractual or legal rights and remedies, including but not limited to sovereign immunity.
- W. Interpretation:** In the case of conflicts arising in the interpretation of wording and/or meaning of various sections, parts, Appendices, General Provisions, Special Provisions, Exhibits, and Attachments or other documents, TEA contract and its General Provisions, Appendices and Special Provisions shall take precedence over all other documents which are a part of this contract.
- X. Education Service Center:** No funds transferred to Regional Education Service Centers or to school districts may be used to hire a registered lobbyist.
- Y. Compliance with Laws:** Contractor shall comply with all federal, state, and local laws, statutes, ordinances, rules and regulations, and the orders and decrees of any court or administrative bodies or tribunals in any matter affecting Contractor's performance, including if applicable, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, prompt payment and licensing laws and regulations. For the entire duration of the contract, Contractor shall maintain all required licenses, certifications, permits, and any other documentation necessary to perform this contract. When required or requested by TEA, Contractor shall furnish TEA with satisfactory proof of its compliance with this provision.
- Z. Public Information:** TEA is subject to the provisions of the Texas Public Information Act. If a request for disclosure of this contract or any information related to the goods or services provided under the contract or information provided to TEA under this Contract constituting a record under the Act is received by TEA, the information must qualify for an exception provided by the Act in order to be withheld from public disclosure. Contractor authorizes TEA to submit any information contained in the contract, provided under the contract, or otherwise requested to be disclosed, including information Contractor has labeled as confidential proprietary information, to the Office of the Attorney General for a determination as to whether any such information may be exempt from public disclosure under the Act. If TEA does not have a good faith belief that information may be subject to an exception to disclosure, TEA is not obligating itself by this contract to submit the information to the Attorney General. It shall be the responsibility of Contractor to make any legal argument to the Attorney General or appropriate court of law regarding the exception of the information in question from disclosure. Contractor waives any claim against and releases from liability TEA, its officers, employees, agents, and attorneys with respect to disclosure of information provided under or in this contract or otherwise created, assembled, maintained, or held by Contractor and determined by the Attorney General or a court of law to be subject to disclosure under the Act.

Under Section 2252.907 of the Texas Government Code, a contract between a state governmental entity and a non-governmental Contractor involving the exchange or creation of public information, as defined by the Texas Government Code Section 552.002, must require the non-governmental contractor to make any information created or exchanged with the state pursuant to this contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the state. TEA Project Manager will provide the specific format by which Contractor is required to make the information accessible by the public.

- AA. Gratuities:** By signing this contract, Contractor represents and warrants that Contractor has not given, offer to give, nor intends to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with the submitted response.

Venue for any suit concerning this solicitation and any resulting contract or purchase order shall be in a court of competent jurisdiction in Travis County, Texas.
- CC. Protests:** Any actual or prospective Bidder, Respondent, or Contractor who is aggrieved in connection with the solicitation, evaluation, or award of this or any other contract by TEA may submit a formal protest to the Director of TEA's Contracts, Purchasing and Agency Services (PCAS) Division. This protest procedure shall be the exclusive method by which anyone may make a challenge to any aspect of TEA's contracting process. TEA will not be required to consider the merits of any protest unless the written protest is submitted within 10 working days after such aggrieved person knows, or reasonably should have known, of the occurrence of the action which is protested. The protest document must meet with all requirements in applicable law and TEA's rules (Title 19 of the Texas Administrative Code, at § 30.2002) <http://ritter.tea.state.tx.us/rules/tac/index.html>.  
If the protest procedure results in a final determination by TEA that a violation of law has occurred in its contracting process in a case in which a contract has been awarded, then TEA may declare the contract void at inception. In that event, the party who had been awarded the contract shall have no rights under the contract and no remedies under the law against TEA.
- DD. Liability for and Payment of Taxes:** Contractor represents and warrants that it shall pay all taxes or similar amounts resulting from this contract, including, but not limited to, any federal, state, or local income, sales or excise taxes of Contractor or its employees. TEA shall not be liable for any taxes resulting from this contract.
- EE. Severability:** In the event that any provision of this contract is later determined to be invalid, void, or unenforceable, the invalid provision will be deemed severable and stricken from the contract as if it had never been incorporated herein. The remaining terms, provisions, covenants, and conditions of this contract shall remain in full force and effect, and shall in no way be affected, impaired, or invalidated.
- FF. Conformance:** Contractor warrants that all goods and services furnished shall conform in all respects to the terms of this contract, including any drawings, specifications or standards incorporated herein, and any defects in materials, workmanship, and free from such defects in design. In addition, Contractor warrants that goods and services are suitable for and will perform in accordance with the purposes for which they are intended.
- GG. Felony Criminal Convictions:** Contractor represents and warrants that Contractor has not and Contractor's employees assigned to TEA projects have not been convicted of a felony criminal offense, or that, if such a conviction has occurred, Contractor has fully advised TEA as to the facts and circumstances surrounding the conviction.
- HH. This requirement applies to all individuals who currently serve or will serve in TEA assignments that have the possibility of direct contact with students. Assignments are contingent upon meeting TEA eligibility standards. Contractor and/or any staff member of Contractor who may perform services under this contract must complete this criminal history review before the beginning of an assignment. If said individuals have not completed this requirement or the review results in a determination that Contractor is not eligible for assignment, this contract will be terminated effective immediately or the date of notice of non-eligibility, whichever is earliest.
- II. Assignment of Contract:** This contract may not be assigned, sold, or transferred without the express written consent of TEA Purchasing, Contracts, and TEA Services (PCAS) Division. An attempted assignment after contract award without TEA approval will constitute a material breach of contract.
- JJ. Buy Texas:** In accordance with Government Code, Section 2155.444, the State of Texas requires that during the performance of a contract for services, Contractor shall purchase products and materials produced in the State of Texas when available at a price and time comparable to products and materials produced outside the state. This provision does not apply if Contractor receives any federal funds under this contract.
- KK. Excluded Parties List System:** TEA and Contractor must adhere to the directions provided in the President's Executive Order (EO) 13224, Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit, or Support Terrorism, which may be viewed at <http://www.whitehouse.gov/briefing-room/presidential-actions/executive-orders>. That Executive Order prohibits any transaction or dealing by United States persons, including but not limited to the making or receiving of any contribution of funds, goods, or services to or for the benefit of those persons listed in the General Services Administration's Excluded Parties List System (EPLS) which may be viewed on the System for Award Management (SAM) site at <http://www.sam.gov>.

**LL. Suspension and Debarment:** Contractor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal, state or local government entity and that Contractor is in compliance with the State of Texas statutes and rules relating to procurement. If Contractor is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this contract.

**MM. Electronic and Information Resources Accessibility Standards:** State agencies shall procure products which comply with the State of Texas Accessibility requirements for Electronic Information Resources specified in 1TAC Chapter 213 when such products are available in the commercial marketplace or when such products are developed in response to a procurement solicitation.

[Section 508 of the US Rehabilitation Act of 1973](#) has been revised and adopted. Therefore, all current and potential Contractors are hereby notified of the requirement. The current technical requirements for accessibility contained within this regulation form the basis for our Texas TAC rules on EIR Accessibility.

This refresh of 508 uses the [WCAG 2.0 AA Accessibility Guidelines](#) (also ISO/IEC standard 40500) as the new technical standard that Federal agencies are required to meet when procuring products and services. With the adoption of 508 requirements being adopted, DIR will be modifying the TAC rules to synchronize with it.

Given this change, all Texas agencies and institutions of higher education have begun using or specifying WCAG 2.0 AA guidelines for the design of new websites or web applications. The rationale is twofold:

1. It could be technically difficult and expensive to bring these websites/applications to WCAG 2.0 AA later.
2. WG 2.0 AA is a superior, more flexible standard and is in use all over the world. If a website is compliant with WCAG 2.0 AA, it will, by default comply with our current TAC rules on EIR Accessibility.

Web development Contractors should already be familiar with designing to this standard, and their ability to meet these standards should be a strong consideration in the selection process. The free online resources listed below are available to assist developers and content producers in transitioning to these guidelines.

[WCAG 2.0 at a glance](#)

[IBM Developer Guidelines Web Checklist](#)

[Webaim.org Accessibility Checklist](#)

All websites must follow Federal 508 accessibility requirements and Web Content Accessibility Guidelines (WCAG) 2.0 AA standards and be tested for accessibility before acceptance by TEA. For sites developed outside of TEA, the Contractor must contract with a third party with expertise and a proven track record in accessibility testing. The third party must evaluate the site and produce a report that verifies the site is compliant to (WCAG) 2.0 AA.

The awarded Contractor must employ real users with disabilities for manual testing. Contractor must provide a report that will include the results of auto-testing, screen-by-screen assessments, pass/fail status for each of the identified compliance standards to be met and recommendations for how to repair the screens/pages that do not meet the standards. Remediation recommendations shall be provided to the code level. The report should include documentation of the experience of real users with disabilities and may recommend techniques for improving the usable accessibility of the application. Contractor shall validate, by title, if all accessibility requirements have been met.

**NN. Collusion:** Contractor certifies and represents that Contractor has not colluded with, nor received any assistance from, any person who was paid by TEA to prepare specifications or a solicitation on which a Contractor's bid or proposal is based and will not allow any person who prepared the respective specifications or solicitation to participate financially in any contract award.

**OO. Social Security Numbers Withheld:** TEA will not provide Social Security Numbers (SSNs) to any Contractor under this contract unless specifically specified as part of the project requirements. TEA, its Contractors and their subcontractors, will not require or request school districts to provide SSNs under this contract. Contractor agrees that in executing tasks on behalf of TEA, they will not use any student-identifying information in any way that violates the provisions of FERPA, and will destroy or return all student-identifying information to TEA within 30 days of project completion. An authorized officer of the company must certify that ALL records have either been properly destroyed or returned to TEA in order to close out the contract.

**PP. Nondisclosure; Press Releases:** All information gathered, produced, derived, obtained, analyzed, controlled or Accessed by Contractor in connection with a contract resulting from a solicitation ("Confidential Information") shall be and remain Confidential Information and shall not be released or disclosed by Contractor without the prior written consent of TEA, which consent must specifically identify the Confidential Information to be disclosed by Contractor and the nature of the disclosure for which consent is sought. Contractor, its employees and subcontractors, agree that in executing tasks on behalf of TEA.

Contractor will indemnify and hold harmless the State of Texas, its officers and employees, and TEA, its officers and employees for any claims or damages that arise from the disclosure by Contractor or its Contractors of information held by the State of Texas, except when defined as part of the Work under this contract.

Contractor will not make any press releases, public statements, or advertisement referring to the Project or the engagement of Contractor in connection with the Project, or release any information relative to the Project for publication, advertisement or any other purpose without the prior written approval of TEA.

**QQ. Independent Contractor:** Contractor shall serve as an independent Contractor in providing services under this contract. Contractor's employees are not and shall not be construed as employees or agents of the State of Texas.

**RR. Contractor Performance:** All state agencies must report unsatisfactory Contractor performance on purchases over \$25,000. Proposers who are in default or otherwise not in good standing under any other current or prior contract with TEA at the time of selection will not be eligible for award of this contract. A Proposer's past performance will be measured based upon pass/fail criteria, in compliance with applicable provisions of §§2155.074, 2155.075, 2156.007, 2157.003, and 2157.125, Gov't Code. Proposers may fail this selection criterion for any of the following conditions: A score of less than 90% in Contractor Performance System, currently under a Corrective Action Plan, having repeated negative Contractor performance reports for the same reason, having purchase orders that have been cancelled in the previous 12 months for non-performance (i.e. late delivery, etc.). TEA may conduct reference checks with other entities regarding past performance. In addition to evaluating performance through Contractor Performance Tracking System (as authorized by 34 Texas Administrative Code §20.108). TEA or a designee may conduct periodic contract compliance reviews without advance notice, to monitor performance. TEA may examine other sources of Contractor performance including, but not limited to, notices of termination, cure notices, assessments of liquidated damages, litigation, audit reports, and non-renewals of contracts. Any such investigations shall be at the sole discretion of TEA, and any negative findings, as determined by TEA, may result in non-award to the Proposer.

Agencies report satisfactory and exceptional Contractor performance to assist in determining best value. In accordance with Texas Government Code, §2155.074 and §2155.75, Contractor performance may be used as a factor in future contract awards. Contractor performance information is located on the CPA website at [http://www.cpa.state.tx.us/procurement/prog/vendor\\_performance/](http://www.cpa.state.tx.us/procurement/prog/vendor_performance/)

**SS. Termination:** This contract shall terminate upon full performance of all requirements contained in this contract, unless otherwise extended or renewed as provided in accordance with the contract terms and conditions.

1. **Termination for Convenience:** TEA may terminate this contract at any time, in whole or in part, without penalty, by providing 15 calendar days advance written notice to Contractor. In the event of such a termination, Contractor shall, unless otherwise mutually agreed upon in writing, cease all work immediately upon the effective date of termination. TEA shall be liable for reimbursing only those expenses incurred by Contractor that are permitted, properly performed under this contract and were incurred prior to the effective termination date.

2. **Termination for Cause/Default:** If Contractor fails to provide the goods or services contracted for according to the provisions of the contract, or fails to comply with any of the terms or conditions of the contract, TEA may, upon written notice of default to Contractor, immediately terminate all or any part of the contract. Termination is not an exclusive remedy, but will be in addition to any other rights and remedies provided in equity, by law or under the contract.

TEA may exercise any other right, remedy or privilege which may be available to it under applicable law of the state and any other applicable law or may proceed by appropriate court action to enforce the provisions of the contract, or to recover damages for the breach of any agreement being derived from the contract. The exercise of any of the foregoing remedies will not constitute a termination of the contract unless TEA notifies Contractor in writing prior to the exercise of such remedy.

Contractor shall remain liable for all covenants and indemnities under the contract. Contractor shall be liable for all costs and expenses, including court costs, incurred by TEA with respect to the enforcement of any of the remedies listed herein.

3. **Termination Due to Changes in Law:** If federal or state laws or regulations or other federal or state requirements are amended or judicially interpreted so that either party cannot reasonably fulfill this contract and if the parties cannot agree to an amendment that would enable substantial continuation of the contract, the parties shall be discharged from any further obligations under this contract.

4. **Rights upon Termination or Expiration of Contract:** In the event that the contract is terminated for any reason, or upon its expiration, TEA shall retain ownership of all associated work products and documentation obtained from Contractor under the contract.

5. **Survival of Terms:** Termination of the contract for any reason shall not release Contractor from any liability or obligation set forth in the contract that is expressly stated to survive any such termination or by its nature would be intended to be applicable following any such termination, including the provisions regarding confidentiality, indemnification, transition, records, audit, property rights, dispute resolution, invoice and fees verification.

6. **Contract Transition:** In the event a subsequent competitive solicitation is awarded to a New Contractor, the Outgoing Contractor shall hand-over to the New Contractor all "Works" including but not limited to the following: data, materials, database access, intellectual property, source code, training materials, access to websites, asset transfer, and maintenance of service commitments. The purpose of transition planning is to ensure a seamless and continuous service when changing from one contract to another. The Outgoing Contractor will begin shipping, transmitting or providing access to all appropriate materials and data to the New Contractor within 10 days of announcement of award at the New Contractor's expense for data processing and production, packing and shipping. The Outgoing Contractor will be responsible for providing the services identified in the contract until all records have been completely transferred to the New Contractor. The Outgoing Contractor is responsible for performing due diligence to ensure that all the transition activities are identified and completed during the contract transition.

The Outgoing Contractor shall submit to TEA requested reports and data. TEA will not release the final invoice until all materials are returned to TEA or their designee. TEA Project Manager shall approve the Transition Plan prior to its implementation. The Transition Plan must minimize the impacts on continuity of operations and maintain communication with TEA Project Manager and the New Contractor.

**TT. Amendments:** All amendments to this contract will be in a manner as prescribed by TEA Contracting Process and are, subject to Paragraph B of the Terms and Conditions and will be made on AMENDMENT TO TEA STANDARD CONTRACT form. All amendments will be initiated by TEA PCAS staff. An Amendment to this contract will become effective on the date of signature of TEA or the effective date shown on the amendment document whichever is first.

If the initial major contract (defined as expected value of \$10 million or more) solicitation document submitted to the CPA Contract Advisory Team (CAT) changes substantially, agencies are required to resubmit their solicitation documents(s) for CAT review. Changes in the major contract solicitation are considered substantial when: 1) the solicitation change caused the estimated value for the original term of the contract, not including renewal periods, to increase by 20% or more; 2) or there are significant revisions, deletions and/or additions to the specifications, statement of work (SOW), set(s) of deliverables, performance measures, payment methodology, etc.

1. For all other contracts (excludes major contracts) the Contractor is permitted to re-budget among direct cost categories within the approved budget to meet unanticipated requirements and to make limited changes 25% or up to \$1,000 in a direct category in the approved budget without the issuance of a written Amendment as long as the total budget amount does not change. Contractors are required to report deviations from budget and request prior approvals from the TEA Project Manager. Additionally, a revised budget document must be submitted to TEA Project Manager for approval. Once approved, the documents must be submitted to the Contract staff for incorporation into the contract file. **Failure to submit the budget documents will result in invoices being rejected or payment delayed.**
2. Written Amendments are required for the following contract changes:
  - a. Any revision which would result in the need for additional funding;
  - b. Revisions or additions to the scope of work, deliverables, or objectives of the contract (regardless of whether there is an associated budget revision requiring prior approval). Increases of 20% or more for major contracts must be approved by the Texas Comptroller;
  - c. A request to extend the period of the contract;
  - d. Any reduction of funds or reduction in the scope of work;
  - e. Whenever a line item within a class/object code is added;
  - f. An increase in the quantity of capital outlay item(s) requested; and
  - g. An increase or decrease in the number of positions charged to contract.

All Amendments must be signed by both parties.

**UU. Payment:** Payment for goods or services purchased with state-appropriated funds will be issued by electronic Direct Deposit from the State Treasury. Direct Deposit is the preferred method of payment. Any payment owed by TEA must be transmitted electronically to Contractor no later than 30 days after the later of:

- (1) Day on which TEA received the goods;
- (2) Date the performance of the service under the contract is completed; or
- (3) Day on which TEA received the complete and correct invoice for goods or services.

Invoices must be submitted to [TEAAccountsPayable@tea.texas.gov](mailto:TEAAccountsPayable@tea.texas.gov) and TEA Project Manager. Additional information and a Direct Deposit Authorization application may be found at: <https://fm.xcpa.state.tx.us/fm/payment/index.php>.

- A. Payment for service(s) described in this contract is contingent upon satisfactory completion of the deliverables or services. TEA project manages may also utilize a Deliverables and Services Review and Acceptance Process written procedures. When the formal procedures are to be utilized, the TEA project manager will provide to the selected Contractor a copy of the Handbook. Contractor must submit

final deliverables to TEA for review and approval prior to invoicing. These include test items developed under the contract. "Final" deliverable means a deliverable that, in the belief and testimony of Contractor, is in final completed form and in compliance with all required specifications as defined by project documentation and this contract. TEA will review each deliverable, including test items, submitted by Contractor for quality and alignment to the deliverable definition agreed to under the "Deliverables and Services Definition Process". TEA will have 15 working days to approve a deliverable or request revisions to the deliverable. TEA must review and approve any deliverable before it may be invoiced by Contractor. If TEA finds a submitted deliverable to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process" provided by the TEA Program Manager, located in the Service Level Agreement or the Contract Monitoring Tool. Contractor will have 10 working days to provide a Corrective Action Plan and address the quality or other compliance requirement and resubmit the deliverable. Additional costs incurred by Contractor that result from repeated submissions and revising of substandard deliverables will be borne solely by Contractor and not charged against the contract or to TEA. This process will apply to all deliverables and requirements of the Contract, including test items developed. This does not preclude an arrangement that allows Contractor to bill against a deliverable as progress is made toward completing that deliverable, so long as documentation of such progress in a form and nature satisfactory to TEA is provided and is approved by TEA. It is up to Contractor to request incremental billing based on progress towards a deliverable, and such a request must be approved by TEA prior to submission of any invoice by Contractor. TEA reserves the right to reject and not provide payment for deliverables found to be substandard or not in compliance with the deliverable definition agreed to under the "Deliverables and Services Definition Process", including test items developed under the contract. Contractor is strongly encouraged to collaborate with TEA on draft versions of any deliverables or services and request review(s) of such draft versions before submitting a final version.

- B. Retainage: TEA may withhold 5% or less of each payment as retainage for certain projects. Retainage fees must be stated in the competitive solicitation and documented in the contract. The fees may not be arbitrarily imposed after execution of the Contract. The release of retainage shall be requested in the final invoice.
- C. Unless otherwise stated, payment under this contract will be made upon performance of services based upon submission of an expenditure report/invoice, properly prepared and certified, outlining expenditures by cost category. Include the contract number, purchase order number, and the Texas Comptroller of Public Accounts Texas Identification Number (TIN) on all invoices/expenditure reports. The cost categories provided in the expenditure report/invoice must coincide with the cost categories detailed in the approved budget. A list of tasks/activities performed during the invoice period must accompany the expenditure report/invoice. The final expenditure report/invoice is due within 45 days after the end of the contract. Payment on the final expenditure report is contingent upon receipt of all reports/products required by this contract.
- D. An encumbrance, accounts payable, and expenditure, as with all other contract accounting terms, will be as defined in the *Financial Accounting and Reporting Module of TEA Financial Accountability System Resource Guide*. All goods must have been received and all services rendered by the ending date of this contract in order for Contractor to include these costs as either expenditures or as accounts payable and, thereby, recover funds due. In no manner shall encumbrances be considered or reflected as accounts payable or as expenditures.
- E. Contractor who is indebted or owes delinquent taxes to the state will have any payments under the contract applied toward the debt or delinquent taxes owed the state until the amount is paid in full, regardless of when the debt or delinquency was incurred. TEA shall determine whether a payment law prohibits the Comptroller from issuing a warrant or initiating an electronic funds transfer to a person before TEA enters into a written contract with that person.

Contractor may verify its account status by accessing the Texas Comptroller's website at [https://fm.x.cpa.state.tx.us/fm/pubs/purchase/restricted/index.php?section=indebted&page=persons\\_indebted](https://fm.x.cpa.state.tx.us/fm/pubs/purchase/restricted/index.php?section=indebted&page=persons_indebted)

The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed provided the non-performing party exercises all reasonable due diligence to perform. ## Information Technology Requirements

### BUSINESS CONTINUITY

In situations where the Contractor is operating the application system, the Contractor shall notify the TEA Contract Manager of any planned outages at least seventy-two hours in advance. The Contractor shall notify the TEA Contract Manager as soon as possible of any unplanned outages.

The Contractor shall provide the ability to notify all users even if the application itself is unavailable, for example to notify users of upcoming outages or approaching deadlines. The Contractor shall provide and document a disaster recovery plan for the continuation of business in the event of catastrophic system failure from any source.

### SECURITY

TEA is mandated by both federal and state law to incorporate reasonable security mechanisms into all of its information systems. All software developers, database administrators, and system administrators involved in the design, implementation, and maintenance of agency information systems are expected to exhibit due diligence in assuring the confidentiality, integrity, and legitimate availability of sensitive and protected data. Such data includes, but is not limited to, enterprise and business information, customer and student information, regular and contract employee records, and personal information covered by privacy laws.

Appropriate administrative, technical, and physical security controls must be incorporated at all relevant stages of data storage, processing, and transmission. This is to accomplish the overall information security objective of mitigating risk, both directly and indirectly, to any TEA-managed or business partner-managed information resource. The off-site downloading, transfer, and/or storage of sensitive and protected data is strictly prohibited. Any TEA data that is stored, transmitted, or processed on non-TEA computers or media renders them subject to Public Information Act requests, including any non-TEA data that is also resident on the equipment.

TEA reserves the right to evaluate application and system vulnerabilities and exposures at any phase of the project lifecycle to determine conformity to the agency's security and risk management policies. Utilizing best practices in secure web application and e-business system development is essential. Strict software configuration control shall be enforced on all production systems to prevent the introduction to production of code permitting unauthorized access. Careful planning and thought as a custodian of privileged information should be given to developing online systems that reduce compromise to confidential data and system resiliency. The following sample list of requirements is given to exemplify both acceptable and unacceptable application development practices.

- ☑ REQUIRED: Usage-limiting techniques and other protective countermeasures wherever a denial-of-service or automated attack vulnerability is clearly inherent in the architecture.
- ☑ REQUIRED: User authentication and authorization that integrates with TEA's existing application security system unless TEA management has determined the need for an exception.
- ☑ REQUIRED: Reasonably rigorous methods to validate and qualify user-supplied input to an application in order to constrain application behavior within anticipated boundaries.
- ☑ REQUIRED: Sufficiently strong encryption, according to industry standards, wherever confidential data traverses a public network.
- ☒ UNACCEPTABLE: Introducing undocumented or unauthorized features into the application that are not stated or strongly implied by the project specification. Any modification deemed necessary to the system architecture to fulfill its business goal that is not covered by the specification shall be approved through appropriate TEA management channels.
- ☒ UNACCEPTABLE: Unnecessary storage of and permitting anonymous or uncontrolled access to dynamically generated or static persistent application variables and artifacts that could be used either accidentally or maliciously to exploit a system.
- ☒ UNACCEPTABLE: Error handling that returns unnecessarily verbose messages to the user that could be used to gain insight into application internals or other privileged processes or data.
- ☒ UNACCEPTABLE: User input generating output that is susceptible to cross-site scripting attacks.
- ☒ UNACCEPTABLE: Invoking software objects and other run-time modules apart from controlled interfaces or other trusted paths.
- ☒ UNACCEPTABLE: Any use of private personally identifying information, such as date of birth, Social Security number or other biographical data, unless specifically approved by TEA Information Security and executive management.

**RFP #701-16-031**

**Career and Technical Education Advanced Technical Credit Program**

**Addendum 2**

1. **Question:** Should the budget be calculated for a full fiscal year with the probability that it could not be spent in the shortened period of time?

**TEA Response:** The Proposer should submit a budget based on what they can accomplish through August 31, 2016. A second budget should be submitted for the period of September 1, 2016 – August 31, 2017.

2. **Question:** Please clarify the Contract Term. In RFP Section 1.3 'Contract Term/Option to Extend', it clearly states that the initial funding period only lasts from "contract award until August 31, 2016." After that, two additional renewal periods of 12 months are possible. What are TEA's expected outcomes for the brief initial contract term?

**TEA Response:** Develop website and begin loading database and online professional development courses.

3. **Question:** In reference to Section 3.4 'Task/Activity Plan', what tasks/activities are expected to be completed by the term expiration of August 31, 2016, given the extent of the work under the project description in Section 1.5 'Project Description and Requirements', Item A 'Project Description', and Item B 'Tasks and Activities'?

**TEA Response:** Complete the Advanced Technical Credit (ATC) website and begin work on maintaining a statewide online database of ATC approved secondary teachers and allow teachers to print virtual certificates of trainings successfully completed.

4. **Question:** In reference to Section 1.5, Item D 'Reporting Requirements', what are the expectations for the report due June 30, 2016, given the award date of May 31, 2016?

**TEA Response:** To report on activity undertaken by the report date.

5. **Question:** Would TEA object to the Proposer engaging Lone Star College in any capacity?

**TEA Response:** No.

6. **Question:** Who will recruit, manage, and pay the secondary and postsecondary teachers who participate in the annual alignment meetings?

**TEA Response:** Contractor will recruit and manage the meetings. Teachers who participate are volunteers and not paid.

7. **Question:** Our alignment facilitation teams are highly experienced with both in-person and remote alignment meeting facilitation. Has TEA supported remote participation by teachers in the past, or has the expectation been in-person participation only?

**TEA Response:** TEA is fine with remote participation.

8. **Question:** Your current ATC website uses Microsoft ASP technology. We program our more complex pages in PHP and our static pages in WordPress. Would TEA oppose either of those substantive changes to the ATC website?

**TEA Response:** TEA does not oppose the proposed changes to the website.
