Dear Ms. Dortch:

Amdocs, Inc. (“Amdocs”) by its counsel, submits its Initial Commercial Deployment Report (“ICD Report”) demonstrating the test results and compliance of its Spectrum Access System (“SAS”) in accordance with the requirements of the *ICD Approval Public Notice* issued by the Federal Communications Commission (“Commission”) authorizing SAS administrators to commence ICD operations in the Citizens Broadband Radio Services band.¹

Pursuant to Section 0.459 of the Commission’s rules² and as detailed in the attached confidentiality request, Amdocs requests that the Commission withhold from public inspection and accord confidential treatment to marked portions of the confidential copy of the ICD Report filed with the Office of the Secretary in the above-referenced proceeding as it contains commercial information, proprietary business information, and/or trade secrets. Amdocs is also filing via ECFS the redacted version of the attached report for public inspection.

Please do not hesitate to contact the undersigned with any questions regarding this matter.

Best regards,

Womble Bond Dickinson (US) LLP

A handwritten signature in blue ink, appearing to read 'Bob Silverman', with a long horizontal flourish extending to the right.

Bob Silverman
Senior Counsel

¹ Wireless Telecommunications Bureau and Office of Engineering and Technology Approve Five Spectrum Access System Administrators to Begin Initial Commercial Deployments in the 3.5 GHz Band, GN Docket No. 15-319, Public Notice, DA 19-915 (rel. Sept. 16, 2019) (“*ICD Approval Public Notice*”).
