DOCKET FILE COPY ORIGINAL

Dear Chairman Pai:

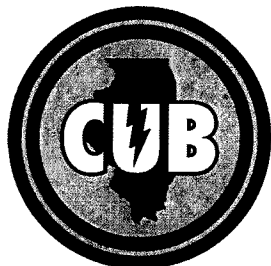

This letter is to inform you that the Citizens Utility Board (CUB), an Illinois-based consumer watchdog group, has sent the following petition, signed by 1,566 Illinois consumers, to officials at AT&T, Comcast and Frontier.

We believe that the problem of "robocalls," prerecorded messages from a computer-generated dialer, has reached a level that demands prompt and significant action from telecommunications companies as well as the Federal Communications Commission (FCC).

Sincerely,

Jim Chilsen
CUB director of communications

To AT&T, Comcast and Frontier:

As an Illinois consumer sick and tired of getting bombarded by robocalls, I demand that you offer your customers FREE call-blocking technology.

Nationwide, consumers got hit with nearly 50 billion robocalls in 2018--the number keeps growing. A significant number of these calls are telecom scams that, according to Consumers Union, help rob their victims of \$350 million a year.

Please do the right thing and offer customers like me technology that helps us block such scams--for FREE.
