

**February 27, 2018**

Marlene H. Dortch  
Office of the Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Suite TW-A325  
Washington, D.C. 20554

**Subject: EB Docket No. 06-36: Annual 64.2009(e) CPNI Certification for Year 2017**

Dear Ms. Dortch:

FiberSat Telecommunications Corp. (FiberSat – Filer 499 ID: 824036) hereby responds to the Commission's request for the 2017 Customer Proprietary Network Information (CPNI) Compliance Certificate.

Consistent with statements previously furnished to the Commission, we do not believe that the referenced docket is applicable to FiberSat Telecommunications Corp. However, we have decided to furnish the information below out of an abundance of caution.

As president of FiberSat, I can attest to the accuracy of the following statements:

- ☐ Although FiberSat has secured a 214 license for potential future use, FiberSat has never been, and is currently not, a common carrier and, therefore, is not subject to the above-referenced section of the Commission's rules. Therefore, FiberSat is not required to file a 47 C.F.R. 64.2009(e) compliance certificate.
- ☐ In fact, in connection with telecommunications, FiberSat has only provided, thus far, domestic and international, point-to-point, long distance private line circuits and Internet access; hence FiberSat is a Private Service Provider.

I declare under penalty of perjury that the foregoing is true and correct. Executed on February 27, 2018.

(Signature)

Derek G. Gill
