**EB Docket No. 06-36**

Copper Valley Telephone, Inc. (CVT) has established operating procedures that are designed to ensure compliance with the CPNI rules and requirements in Subpart U of Part 64 of the FCC's rules (47 C.F.R. 64.2001 through 64.2009).

CVT has trained and provided to all Customer Service Representatives (CSRs) a CPNI manual, which includes the disciplinary action that will be taken if a CPNI breach occurs. I, as CVT's Compliance Officer, have received signed employee certification forms following the above-mentioned training. Written procedures that comply with CPNI rules have also been distributed to CSRs. CVT provides CPNI updates and training to the appropriate employees every 6 months. Annually, certification forms are updated following training by the Compliance Officer.

CVT has mailed opt-out notices to all customers. If a customer chooses to opt-out, their selection is updated in the billing system. The opt-out status is accessible to all CSRs when accessing CPNI data. CVT's Marketing Department removes customers who have opted-out from applicable marketing efforts. Opt-out notices are mailed annually to all CVT customers.

CVT's customer information is kept on a secure server to prevent unauthorized access by hackers and unauthorized employee access. Authorized employees have unique system logins and passwords which determines the level of customer information they can access.
