

APPENDIX A

T-Mobile Workers United Petition urging the FCC to require T-Mobile and Sprint to commit to the following:

- **Secure our jobs without cuts to compensation,**
- **Bring back outsourced jobs from overseas and in the USA, and**
- **Respect our rights on the job by putting an end to labor law violations.**

Federal Communications Commission,
T-Mobile and Sprint, WT Docket 18-197,

818 people have signed a petition calling on the FCC to save our jobs in the T-Mobile-Sprint merger.

Here is the petition they signed:

As front-line workers in retail sales and call centers, and as telecommunications technicians, we are concerned that the proposed merger between T-Mobile and Sprint will mean the loss of many American jobs, cuts in wages and commissions and a corresponding reduction in quality to our customers.

Before approving the proposed merger, we ask you to require solid and verifiable assurances that the new company will not discard the front-line workers who have made T-Mobile and Sprint so successful. The companies must commit to:

- Secure our jobs without cuts to compensation,
- Bring back outsourced jobs from overseas and in the USA, and
- Respect our rights on the job by putting an end to labor law violations.

Without guarantees that our jobs will be protected, this merger should be rejected. You can view each petition signer and the comments they left you below.

Thank you,

T-Mobile Workers United
