**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have in all my years of using broadband never been so impressed and happy with the fiber connection that I have with IdeaTek.

Broadband is all about data and information and having it supplied in a quick and efficient fashion is critical to all of us in businesses, schools, and home.

On top of having this great service, I am on a limited income and appreciate the ability to have this service at a reasonable rate. Should there be price hikes I would be forced to make an unhappy decision and not have the service at my home.

Thank you for listening.
