**WIRELINE COMPETITION BUREAU SEEKS COMMENT ON  
THE JOINT PETITION OF CENTURYLINK QC AND NUNN TELEPHONE COMPANY TO  
WAIVE THE DEFINITION OF “STUDY AREA” AS CODIFIED IN PART 36 OF THE  
COMMISSION’S RULES**

**CC Docket No. 96-45**

**Comment Date: November 23, 2017**  
**Reply Comment Date: December 8, 2017**

The Wireline Competition Bureau (Bureau) seeks comment on the joint petition of CenturyLink QC (CenturyLink) and Nunn Telephone Company (Nunn) (together, Petitioners) for waiver of the definition of “study area.”<sup>1</sup> Petitioners state that the purpose of the waiver is to permit CenturyLink to transfer a portion of its Eaton-Ault Exchange with four subscriber lines and four other non-active end-user locations from CenturyLink to Nunn.<sup>2</sup> Currently, CenturyLink does not provide service to any of the locations that are at issue in the petition, and no facilities will be transferred from CenturyLink to Nunn.<sup>3</sup> We also note that CenturyLink is not receiving Connect America Fund Phase II funding for these census blocks.<sup>4</sup>

Nunn estimates that it will cost approximately \$20,000 in total to build out to all four locations seeking service and that the total annual increase in universal service support will be \$648 annually.<sup>5</sup> Nunn also recognizes that for purposes of any recovery related to intercarrier compensation, Nunn

<sup>4</sup> On July 13, 2017, CenturyLink filed a letter with the Commission listing the census blocks in the area of the two locations. We note that CenturyLink is not receiving Connect America Fund Phase II funding for these census blocks. See Letter from Thomas Dethlefs, CenturyLink, to Marlene H. Dortch, FCC Secretary, CC Docket No. 96-45 (filed July 13, 2017); see also *Connect America Fund et al.*, Report and Order, 29 FCC Rcd 15644, 15659, para. 39 (2014) (*December 2014 Connect America Order*).

proposes to treat the relevant locations as new customers.<sup>6</sup> Petitioners state that grant of the petition is in compliance with the standards set forth in the *USF/ICC Transformation Order*<sup>7</sup> and the public interest will be served by granting the waiver because very few lines are at issue, the impact on the universal service fund will be small, and Nunn can more efficiently serve the area than CenturyLink.<sup>8</sup>

Effective November 15, 1984, the Commission froze all study area boundaries to prevent incumbent local exchange carriers from establishing separate study areas made up only of high-cost exchanges in order to maximize their receipt of high-cost universal service support.<sup>9</sup> A carrier must therefore apply to the Commission for a waiver of the study area boundary freeze if it wishes to transfer or acquire additional exchanges.

In the *USF/ICC Transformation Order*, the Commission streamlined its rules governing study area waiver requests, creating a method similar to the Bureau's processing of routine section 214 transfer of control applications.<sup>10</sup> In the past, the procedures for addressing petitions for study area waiver required the Bureau to issue an order either granting or denying the request after issuing a public notice. Under the revised process, upon determination that a petitioner has filed a complete petition and that the petition is appropriate for streamlined treatment, the Bureau will issue a public notice seeking comment on the petition, and the petition will be deemed granted 60 days after the reply comment due date absent further action by the Bureau.<sup>11</sup> Based on an initial review, the Bureau finds that the Petition is complete and is appropriate for streamlined treatment, and it therefore seeks comment on the Petition.<sup>12</sup>

Pursuant to sections 1.415 and 1.419 of the Commission's rules, interested parties may file comments on or before the dates indicated above.<sup>13</sup> All pleadings are to reference **WC Docket No. 96-45**. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS), or by filing paper copies.<sup>14</sup>
