

October 28, 2019

Federal Communication Commission

To Whom it May Concern:

I, Miriam Troup, the new principal at Mayfair Christian School am asking that the sixty day rule as outlined in the FCC regulations be waived. The former administration failed to submit the required forms within the established guidelines. He is no longer a part of our organization and I took over on August 1st 2019. I became aware of this situation on September 3rd and immediately submitted an appeal which was denied. The purpose of the denial was the aforementioned sixty day rule.

I'm now requesting a waiver of said rule in this one particular situation. We are a not-for-profit school that depends heavily on funding provided from outside resources. This setback would cause a major negative financial impact that is far reaching. Please take this into consideration as you provide a final decision.

Sincerely,

Miriam Troup  
Principal  
Mayfair Christian School
