**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Local broadband internet access is so very important to our family and our community. We are fortunate to have a local company provide personal service and we love supporting this local business! Our school district is now connected to our local broadband network, making daily access and big events such as state testing so much more reliable! I encourage NO price hikes that will increase the cost of internet service. This is so important to our rural community!
