

WC-Docket # 18-155

DOCKET FILE COPY ORIGINAL

Received & Inspected

FCC Mailroom

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Signed,

Please consider the voice of the minority, and not add an additional financial burden to those who are the backbone of small America. Thank you!

WC Docket number 18-155 regarding: Updating the Inter-carrier
Compensation Regime including conference calling services.

I use this service daily! It would really affect me if it would change.

We appreciate being able to use this service for free, it would be a disappointment to not be able to listen in on Church Services, etc.

WC Docket number 18-155 regarding:
updating the Inter-carrier Compensation Regime
including conference calling services.

As a citizen and taxpayer of the U.S. I ask
that our free conference calling would continue.
(as well as our unlimited long distance calling).
The conference call is our means of connecting
with friends around the world. As we get older,
we cannot always travel to a funeral, so we listen
on the conference line. Also church services,
singing groups, news calls, history calls, and so...
much more — school programs, special meetings —
and the list could just go on and on.

Many friends I know listen to the conference
line as well and widows would be very
lonely without it.

I ask that you please do not take
away the free conference calling from us
and our friends.
