Dear Ms. Dortch:

On behalf of TracFone Wireless (“TracFone”), pursuant to the Protective Order adopted in this proceeding¹ and with reference to our letter dated October 24, 2018, TracFone with this letter produces an additional flash drive containing a supplemental production of unredacted documents marked with the legend “Highly Confidential.” The documents are responsive to the General Information and Document Request dated October 3, 2018. An additional, identical flash drive is being sent via overnight mail to Complete Discovery Source, 250 Park Ave, 18th Floor, New York, NY 10177. A CD containing an Excel file is being hand delivered to Kathy Harris of the Wireless Telecommunications Bureau. The Excel file has also been loaded onto the aforementioned flash drives.

TracFone’s supplemental production is being treated as Highly Confidential and no documents (other than this cover letter) will be uploaded into ECFS.

With respect to FCC Request Number 3, some documents that were responsive to other requests are not responsive to FCC Request Number 1 and were not be included in TracFone’s first production and are not included in this supplemental production. A list of the bates numbers associated with those documents in both productions is included in this production.
