**ANNUAL 47 C.F.R. § 64.2009(e) OFFICER'S CERTIFICATION OF
CUSTOMER PROPRIETARY NETWORK INFORMATION (CPNI) COMPLIANCE**

EB Docket 06-36

Annual 64.2009(e) CPNI Certification:	Covering calendar year 2017
Name of company(s) covered by this certification:	Hawaii Dialogix Telecom LLC
Form 499 Filer ID:	831142
Name of signatory:	Jared Grugett
Title of signatory:	President and COO

1. I, Jared Grugett, certify that I am an officer of the company named above, and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. §64.2001 *et seq.*
2. Attached to this certification is an accompanying statement explaining how the Company's procedures ensure that the company is in compliance with the requirements (including those mandating the adoption of CPNI procedures, training, recordkeeping, and supervisory review) set forth in §64.2001 *et seq.* of the Commission's rules.
3. The company has not taken actions (*i.e.*, proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.
4. The company has not received customer complaints in the past year concerning the unauthorized release of CPNI.
5. The company represents and warrants that the above certification is consistent with 47 C.F.R. §1.17 which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

/s/ Jared Grugett

Statement of CPNI Procedures and Compliance

Hawaii Dialogix Telecom LLC ("Hawaii Dialogix" or "the Company") does not use or permit access to CPNI to market any telecommunications or non-telecommunications services. Hawaii Dialogix has trained its personnel not to use CPNI for marketing purposes. Should Hawaii Dialogix elect to use CPNI in future marketing efforts, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Hawaii Dialogix has processes in place to safeguard its customers' CPNI from improper use or disclosure by employees; and to discover and protect against attempts by third parties to gain unauthorized access to customer CPNI. Hawaii Dialogix maintains a robust security platform to prevent unauthorized access to customers' CPNI.

Hawaii Dialogix does not disclose CPNI to any agents, affiliates, joint venture partners or independent contractors, nor does it use CPNI to identify or track customers who call competing providers. The Company has a strict policy prohibiting the disclosure of CPNI to any third parties, unless required to do so by law (e.g., in response to a subpoena).

Hawaii Dialogix does not disclose call detail over the telephone. If it elects to do so in the future, it will follow the applicable rules set forth in 47 CFR Subpart U, including the implementation of authentication procedures that do not require the use of readily available biographical information or account information and customer notification of account changes.

The Company has instituted authentication procedures to safeguard the disclosure of CPNI on-line. It uses a two-factor authentication procedure that does not require the use of readily available biographical information or account information as defined by the FCC. All customers are required to establish a password without the use of readily available biographical information or account information if they want to have on-line access to their CPNI. On-line access to CPNI is only available when a customer uses the appropriate log in password.

Hawaii Dialogix has established back-up authentication procedures for lost or stolen passwords that do not prompt the customer for readily available biographical information or account information. If the customer cannot provide the correct password or response to backup authentication, they must be reauthenticated and establish a new password.

Hawaii Dialogix does not maintain any retail locations.

Hawaii Dialogix has procedures to notify customers whenever a password, customer response to a back-up means of authentication for lost or forgotten passwords, online account, or address of record is created or changed without revealing the changed information or sending the notification to the new account information.

Hawaii Dialogix will notify law enforcement in the event of a breach of customers' CPNI and will ensure that customers are not notified of the breach before the time period set forth in the FCC's rules, or, if applicable, when so authorized by law enforcement. As soon as practicable, and no later than seven business days upon learning of a breach, the company will notify the U.S. Secret Service and the FBI by electronic means, as required by FCC regulations. Hawaii Dialogix will not notify customers or disclose a breach to the public until seven business days after notification to the U.S. Secret Service and the FBI, unless it believes there is an extraordinarily urgent need to notify customers before seven days to avoid immediate and irreparable harm. In that instance, it will only notify such customers *after* consultation with the relevant investigating agency and will cooperate with the agency's request to minimize any adverse effects of the customer notification. If the Company receives no response from law enforcement after the seventh full business day, it will promptly proceed to inform the customers whose CPNI was disclosed of the breach. The company will delay notification to customers or the public if requested to do so by the U.S. Secret Service or FBI. Notifications to law enforcement and customers are handled by a designated supervisor level employee responsible for managing the company's CPNI compliance.

Hawaii Dialogix will maintain written records of any breaches discovered and notifications made to the USSS and the FBI, and to customers.

Hawaii Dialogix has not taken any actions against data brokers in the last year.

Hawaii Dialogix did not receive any customer complaints about the unauthorized release of CPNI or the unauthorized disclosure of CPNI in calendar year 2017.

Hawaii Dialogix has not developed any information with respect to the processes pretexters are using to attempt to access CPNI but does take steps to protect CPNI as described herein.
