Re: Notice of Ex Parte Presentation, BRETSA Petition
PS Docket No. 19-254

Dear Ms. Dortch:

We are submitting two recent reports on the AT&T FirstNet network in order to make these reports part of the record in the above-captioned proceeding.

The first report by MIT sets forth the research MIT scientists conducted to test the FirstNet network to evaluate its quality of service with a specific focus on performance in video uses. [MIT Scientists Conduct First Third-Party Tests at FirstNet's Innovation Lab](#)

The second report by GAO addresses the progress of FirstNet's network deployment and analyzes the quality of FirstNet's oversight of AT&T, in terms of coverage requirements and stakeholder engagement. [GAO Report - Network Deployment Is Progressing, but FirstNet Could Strengthen Its Oversight](#)

We believe that these two reports will be informative in the Commission's analysis and decision regarding opening a notice of inquiry as requested.

Respectfully submitted,

/s/ Lonna Thompson
Executive Vice President, Chief Operating Officer
and General Counsel

/s/ Kristen Walenta
