

I strongly oppose the merger of Sinclair Broadcasting and Tribune Media. This merger will make Sinclair too big and too influential in too many media markets (reaching 72% of households, well above the legal cap of 39%). I urge the FCC to stand firm in its principles to ensure locality, diversity and competition in the media. Commissioners, in your very important roles, please protect freedom of the press in our country! Note: I will be sending my Congressional representatives the same message.
