This filing contains information that is Highly Confidential under the Protective Order in WC Docket No. 18-193. STI has made a diligent effort to ensure that none of the documents being produced herewith is privileged under the attorney-client privilege or the attorney work product doctrine. To the extent that any privileged documents may have been inadvertently produced, such production does not constitute a waiver of any applicable privilege. STI requests that any privileged documents inadvertently produced be returned to STI as soon as the inadvertent production is discovered by any party, and reserves all rights to seek return of any such documents.

In support of this request for treatment of the enclosed information as Highly Confidential Information, STI provides the following information:⁷

(1) Identification of the specific information for which confidential treatment is sought

STI hereby seeks Highly Confidential treatment of the information provided on the enclosed disks with the caveats noted above. This information is properly designated as Highly Confidential Information under one or more of the categories in Appendix A of the Protective Order.⁸

(2) Identification of the Commission proceeding in which the information was submitted or a description of the circumstances giving rise to the submission

The information is provided in connection with the Information Requests issued by the Wireline Competition Bureau in WC Docket No. 18-193.

(3) Explanation of the degree to which the information is commercial or financial or contains a trade secret or is privileged

The subject information fits into one or more of the categories listed in Appendix A of the Protective Order as explained to the Commission Staff. Additionally, the information provided constitutes proprietary commercial and business information or confidential materials not routinely available for public inspection under Exemption 4 of the Freedom of Information Act (“FOIA”).⁹ STI hereby requests that such information be treated as Highly Confidential Information under the Protective Order and not be made routinely available for public inspection.

(4) Explanation of the degree to which the information concerns a service that is subject to competition

The Highly Confidential Information pertains to STI's provision of inmate telephone calling and related services ("ITS"), a nationwide competitive service.

(5) Explanation of how disclosure could result in substantial competitive harm

Disclosure of the Highly Confidential Information to the public or to competitors of STI would "allow those persons to gain a significant advantage in the marketplace or negotiations."¹⁰ The presence of competitors in the ITS market and the likelihood of competitive injury to STI threatened by release of this information should compel the Commission to withhold the information designated as Highly Confidential Information from public disclosure. The Commission has provided assurances that it is "sensitive to ensuring that the fulfillment of its regulatory responsibilities does not result in the unnecessary disclosure of information that might put its regulatees at a competitive disadvantage."¹¹

(6) Identification of any measures taken by the submitting party to prevent unauthorized disclosure

In order to prevent unauthorized disclosure of the subject information, STI is hereby submitting a request that the subject information be treated as Highly Confidential Information indefinitely, and STI has obtained the Commission staff's written approval to designate the subject information as Highly Confidential Information pursuant to paragraph 3 of the Protective Order.¹² STI takes routine measures to ensure the confidentiality of this information during normal business operations, including instructing its employees and contracting partners not to disclose such information outside of STI, and restricting access to this information internally.

(7) Identification of whether information is available to the public and the extent of any previous disclosure of the information to third parties

The subject information is not ordinarily available to the public or to any third parties.

¹⁰ Protective Order ¶ 2.

¹¹ *In the Matter of Examination of Current Policy Concerning the Treatment of Confidential Information Submitted to the Commission*, Report and Order, GC Docket No. 96-55, FCC 98-184, 13 FCC Rcd 24816, ¶ 8 (rel. Aug. 4, 1998).

¹² Protective Order ¶ 3.

(8) Justification of the period during which the submitting party asserts that material should not be available for public disclosure

As described above, the subject information contains highly sensitive information within one or more of the categories set forth in Appendix A of the Protective Order and constitutes proprietary commercial and business information or confidential materials not routinely available for public inspection under Exemption 4 of the FOIA.¹³ Disclosure of this information would cause significant competitive injury to STI if disclosed. For this reason, STI respectfully requests that the Commission protect this information from public disclosure indefinitely.

(9) Any other information that the party seeking confidential treatment believes may be useful in assessing whether its request for confidentiality should be granted

As the subject information is being submitted voluntarily, STI requests that, in the event that the Commission denies STI's request for confidentiality, the Commission return the materials without consideration of the contents therein.

Please contact the undersigned should you have any questions concerning the foregoing.

Respectfully submitted,
