APPEAL: I thought I had submitted my Form 470 before the deadline. I have on my calendar to file my Form 471 on April 3rd. I now realize that I need to request a waiver for my Form 471 because it will be after the deadline to file. My 28 days from filing my Form 470 will be right around April 1. Which will be after the deadline. I apologize for this error. . It just took a really long time to make decisions this year on what we were going to request.
