Re: *Accelerating Wireline Broadband Deployment by Removing Barriers to Infrastructure Investment*, WC Docket No. 17-84

Dear Ms. Dortch:

On March 19, Julie Veach and I (by teleconference), both of Harris, Wiltshire & Grannis LLP and on behalf of Google Fiber Inc., met with Jay Schwarz, of Chairman Pai's office, and Travis Litman, of Commissioner Rosenworcel's office, to discuss the record in the above-captioned proceeding. We provided an update on the BDAC report recommending one-touch make-ready. We also provided and reviewed Google Fiber's March 13 ex parte response to NCTA's alternative pole attachment proposal.

Google Fiber appreciates the opportunity to discuss its position. Please do not hesitate to contact me with any questions.

Sincerely,

Kristine Laudadio Devine
Counsel to Google Fiber Inc.
