E-Rate Funding Year 2018 funding request number 1899044516.002

Per conversation with Mark Maydell on phone 03/22/19, this is additional information to my previous response submitted on 03/14/219, concerning the appeal filed by USAC on 12/14/18:

After speaking to my IT Director, he confirmed that the quote/bid from CDW for the FortiGate 200E in the above-referenced FRN was the only bid received for this equipment in response to our Form 470.

Additionally, we would like to seek funding discounts on the full purchase price of the correct equipment, which is \$7,435.85 before E-Rate discounts. Upon speaking with USAC previously, I was led to believe I could not increase from the \$6,000.00 request filed on our 471.
