Our routine review of Schools and Libraries Program (SLP) funding commitments has revealed certain applications where funds were committed in violation of SLP rules.

In order to be sure that no funds are used in violation of SLP rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the required adjustments to your funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see <https://www.fcc.gov/encyclopedia/red-light-frequently-asked-questions>.

TO APPEAL THIS DECISION:

If you wish to appeal the Commitment Adjustment Decision indicated in this letter to USAC, your appeal must be received or postmarked within 60 days of the date of this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. In your letter of appeal:

1. Include the name, address, telephone number, fax number, and email address (if available) for the person who can most readily discuss this appeal with us.
2. State outright that your letter is an appeal. Identify the date of the Notification of Commitment Adjustment Letter and the Funding Request Number(s) (FRNs) you are appealing. Your letter of appeal must include the
 - Billed Entity Name,
 - Form 471 Application Number,
 - Billed Entity Number, and
 - FCC Registration Number (FCC RN) from the top of your letter.
3. When explaining your appeal, copy the language or text from the Notification of Commitment Adjustment Letter that is the subject of your appeal to allow USAC to more readily understand your appeal and respond appropriately. Please keep your letter to the point, and provide documentation to support your appeal. Be sure to keep a copy of your entire appeal including any correspondence and documentation.
4. If you are an applicant, please provide a copy of your appeal to the service provider(s) affected by USAC's decision. If you are a service provider, please provide a copy of your appeal to the applicant(s) affected by USAC's decision.
5. Provide an authorized signature on your letter of appeal.

We strongly recommend that you use one of the electronic filing options. To submit your appeal to USAC by email, email your appeal to appeals@sl.universalservice.org or submit your appeal electronically by using the "Submit a Question" feature on the USAC website. USAC will automatically reply to incoming emails to confirm receipt.

To submit your appeal to us by fax, fax your appeal to (973) 599-6542.

To submit your appeal to us on paper, send your appeal to:

FUNDING COMMITMENT ADJUSTMENT REPORT

On the pages following this letter, we have provided a Funding Commitment Adjustment Report (Report) for the Form 471 application cited above. The enclosed Report includes the Funding Request Number(s) from your application for which adjustments are necessary. See the "Guide to USAC Letters" posted at <http://www.usac.org/sl/tools/samples.aspx> for more information on each of the fields in the Report. USAC is also sending this information to your service provider(s) for informational purposes. If USAC has determined the service provider is also responsible for any rule violation on the FRN(s), a separate letter will be sent to the service provider detailing the necessary service provider action.

Note that if the Funds Disbursed to Date amount is less than the Adjusted Funding Commitment amount, USAC will continue to process properly filed invoices up to the Adjusted Funding Commitment amount. Review the Funding Commitment Adjustment Explanation in the attached Report for an explanation of the reduction to the commitment(s). Please ensure that any invoices that you or your service provider(s) submits to USAC are consistent with SLP rules as indicated in the Funding Commitment Adjustment Explanation. If the Funds Disbursed to Date amount exceeds your Adjusted Funding Commitment amount, USAC will have to recover some or all of the disbursed funds. The Report explains the exact amount (if any) the applicant is responsible for repaying.

Adjusted Funding Commitment:	\$106,740.00
Funds Disbursed to Date	\$75,511.58
Funds to be Recovered from Applicant:	\$0.00
Funding Commitment Adjustment Explanation:	

During a review, it was determined that the funding commitment for this request must be rescinded in the amount of \$7,116.00. On the original FCC Form 471, the applicant was approved at 80 percent discount. FCC rules indicate that the level of poverty shall be measured by the percentage of the student enrollment that is eligible for a free or reduced price lunch under the National School Lunch Program or a federally-approved alternative mechanism. The applicant is only eligible to receive a 75 percent discount. This determination was based on using the shared discount for only the entities requesting service. Accordingly, the commitment has been reduced by amount \$7,116.00 (pre-discount commitment amount*(discount percentage approved on the FCC Form 471 less the discount rate the applicant is actually eligible to receive)).

Funds to be Recovered from Applicant:	\$11,358.77
Funding Commitment Adjustment Explanation:	

During a review, it was determined that the funding commitment for this request must be rescinded in the amount of \$13,860.00. On the original FCC Form 471, the applicant was approved at 80 percent discount. FCC rules indicate that the level of poverty shall be measured by the percentage of the student enrollment that is eligible for a free or reduced price lunch under the National School Lunch Program or a federally-approved alternative mechanism. The applicant is only eligible to receive a 50 percent discount. This determination was based on using the shared discount for only the entities requesting service. Accordingly, the commitment has been reduced by amount \$13,860.00 (pre-discount commitment amount*(discount percentage approved on the FCC Form 471 less the discount rate the applicant is actually eligible to receive)) and USAC will seek recovery of any improperly disbursed funds from the applicant.

Subject: RE: MOREnet Recovery Notification Letters for Form 471 Application Numbers for FY 2014

Chris,

Thank you for your email. Unfortunately, you appear to have an incorrect understanding of how consortia were expected to be filed. Like all other FRNs, the consortia FRNs should only ever have included the entities that are receiving the services. The only time that the entire consortium would be included in an FRN would be when the service in the FRN was shared by all members (possibly a backbone). If there was a specific circuit that delivered service to a specific BEN, then only the BEN should have been included in the FRN for discount calculation purposes.

The same guidance continues to hold true in 2017. If the application only has service to some members, then the consortium application should only contain those consortia members. This is how different consortia applications can get different consortia discount rates in the same funding year, and when filed by the same consortium leader. Since 2015, all FRNs on a consortium app get the same discount rate, but the discount reflects only those BENs that receive service on that application.

I would be happy to have a follow up conversation by phone if that would be helpful.

Best,
Catriona

Catriona,

Can you help me understand what the supposed findings are in the attached notifications? The best I could get from the reviewer is that the discount for every FRN had to be based on the specific entities using the service of each individual FRN. This is NOT my understanding of a consortium application and is NOT how MOREnet or any other State consortium in my

experience with SECA consortiums have ever filed. I attached my response emails to their request that I identify the entities by FRN; I refused because it was apparent to me that the reasoning for the request was invalid. Looking forward resolving this, especially as I am building the 2017 471 application in the exact same manner used in the year of these COMAD's.

Response from Chris Schneider, MOREnet, to USAC

Thank you for the opportunity to respond to the Information Request Letters for Funding Years 2013 and 2014, which may or may not result in a COMAD.

Following is perspective on three items I find within the letters and corresponding discount spreadsheets. The first item is questioning the fundamental view taken by USAC on the FCC Form 471 consortia discount calculation. The second and third items are simple factual inconsistencies found in the spreadsheet calculations.

FCC Form 471 Consortia discount calculation

I understand the basis of the Information Request to be the discount calculation used by the consortium for each FRN. I inquired about what rules were at issue and received a response with links to the FCC Form 471 instructions with an emphasis on page 17. The text box below is a copy of the FCC Form 471 rules, page 17 (I saw no change in the text between Funding Year 2013 and 2014).

Discount Calculation for Consortia

If you checked the fourth box in Block 1, Item 5, as a consortium of schools, school districts, libraries (outlets/branches, systems) or any combination of the above, you should use these instructions.

Item 9a - If you are filing this application as:

- A consortium and you are requesting services that will go ONLY to an individual consortium member and will not be shared,
 - For an individual school or library outlet/branch member entity, enter a complete line as described above if you have not already done so on another worksheet.
 - For a school district or library system member entity, complete a worksheet as described above.
- A consortium and if ALL consortium members will share one or more services (whether or not those consortium members will also receive site-specific services),
 - For an individual school or library outlet/branch member entity, enter a complete line as described above plus Column 14 for each member entity.
 - For a school district or library system member entity, complete a separate worksheet to calculate the discount for that entity as described above, then complete Columns 1, 2 and 14 for each member entity.
 - When you have listed all your member entities that will share these services, complete Item 9b for consortia.
- A consortium, and some requested services will be shared by some consortium members and not others (whether or not those consortium members will also receive site-specific services), you must complete a separate worksheet for shared services as described above for each different group of consortium members sharing a service. You will then label the worksheets 1, 2, 3, etc.

The rules allow for three scenarios all based on the key word “services”. Option 1 is for services going to one consortia member. Option 2 is for services shared by all consortia members. Option 3 is for services shared by some but not all consortia members. The key point of all three options is service and who is receiving the service. Note the explanation to create “worksheets” that correlate to different groupings of consortium members who share in a service. Each worksheet generates a unique discount applied to any FRN referencing that worksheet.

MOREnet believes we appropriately followed the rules in that ALL consortium members shared in one or more services. The services represented on the MOREnet applications are either 1) network aggregation

2) network Internet Access or 3) last mile circuit from member site to vendor network. All consortia members share in all three services as described in Option 2 of the FCC Form 471 rules. Thus, the one worksheet discount applied to each FRN of the application. Multiple FRN's exist in accordance with the rules requiring one SPIN per FRN.

The analysis of the Information Request Letters assume each FRN represents separate services and thereby applies FCC Form 471 consortium discount rules Option 1 or Option 3. This would effectively mean multiple Worksheets were required, one for every FRN solely based on a different SPIN provider. However, the service of every FRN is the same service provided by multiple vendors as allowed by consortium discount Option 2. In every instance, the same single service is Data Transmission Services delivering entity data traffic to the State network. The Option 2 Item 9b discount average result is applicable to all FRN because each contain the same single service.

District weighted average discount

USAC provided entity discounts applied to each FRN to calculate the average discount per FRN. I noted that every discount provided by USAC was a whole number. Whole number discounts for School Districts is very uncommon until Funding Year 2015 when the discount calculation changed from weighted average to simple average. It appears that the applied entity discount is not accurate to the Funding period in question.

The text box below is a copy of the FCC Form 471 rules, page 14 (Funding Year 2013) and page 13 (Funding Year 2014) – text is the same in both years.

Calculating a Shared Discount for the School District (Column 8 and Item 9b)

Item 9a, Column 11: For each school receiving an appropriate share of shared services, multiply the discount rate for the school (Column 7) by the number of students in the school (Column 4). If you file online, the system will calculate this figure for you. The product is the school's weighted product. For "New School Construction" or for an "Administrative Entity," leave this item blank.

Item 9b, Column 4: Add all of the students in all of the schools listed, and enter the total into the last cell at the bottom of Column 4. If you file online, the system will calculate this figure for you.

Item 9b, Column 11: Add together all of the products in Column 11, and enter the total into the last cell at the bottom of Column 11. If you file online, the system will calculate this figure for you.

Item 9b, Column 15: Divide the total at the bottom of Column 11 by the total at the bottom of Column 4. Round the result to the nearest whole number percentage, and enter it into Column 15. Discount calculations may be rounded up only when fully half a discount point is reached. If you file online, the system will calculate this figure for you.

State Data File

In addition, the USAC provided discounts by entity are not consistent with the approved Missouri State Data File from each period. A period copy of the State Data is within each spreadsheet and applied to the applicable entities. The impact on the reported figures using the same FRN average discount method and the correct State Data file discount is calculated within the spreadsheet.

Conclusion

MOREnet believes it applied the appropriate consortium average discount to all FRN's in Funding Year 2013 and 2014 as allowed by the rules for a shared service.

Included in this response is a re-calculation of the potential Commitment Adjustment and Recovery figures. The same USAC logic along with the data corrections mentioned above are applied in the calculation. This calculation is only a reference to the USAC determination and not an agreement to the underlining opinion.

Your Correspondence Dated: August 24, 2017

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2014 Notification of Commitment Adjustment Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision. If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 2665482, 2665530, 2665579, 2665726, 2665728,
2665777

Decision on Appeal: **Denied**
Explanation:

- USAC has reviewed your Appeal and determined that the reduced commitment stands. On the original FCC Form 471, the applicant was approved at a discount percentage for the consortium, not just entities receiving services. For FY2014, only the entities receiving service for each funding request can be used to determine the FRN specific discount. FCC rules indicate the level of poverty shall be measured by the percentage of the student enrollment that is eligible for a free or reduced price lunch under the National School Lunch Program or a federally-approved alternative mechanism. The applicant is only eligible to receive a level of commitment based on the shared discount for only the entities

receiving services under each FRN. Accordingly, the commitment has been reduced and USAC will seek recovery of any improperly disbursed funds from the applicant. In your appeal, you did not demonstrate that USAC's decision was incorrect. Your appeal is denied.

- FCC rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. *See* 47 C.F.R. sec. 54.505(b). The level of poverty is measured by the percentage of students enrolled in a school or school district that are eligible for a free or reduced price lunch under the National School Lunch Program (NSLP), or a federally-approved alternative mechanism. Alternatively, the level of poverty is measured according to participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), Federal Public Housing Assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). *See* Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776, 9045, FCC 97-157 para. 510, n.1334 (rel. May 8, 1997). The high cost determination is made pursuant to FCC rules that classify a school or library as rural or urban. *See* 47 C.F.R. sec. 54.505(b)(3). An applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether the entity is classified as rural or urban. *See* 47 C.F.R. sec. 54.505(c).

Since your appeal was denied in full, dismissed or cancelled, you may file an appeal with the FCC. Your appeal must be postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found under the Reference Area/"Appeals" of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.

2533333, 2533339

Decision on Appeal: **Denied**
Explanation:

- USAC has reviewed your Appeal and determined that the reduced commitment stands. On the original FCC Form 471, the applicant was approved at a discount percentage for the consortium, not just entities receiving services. For FY2013, only the entities receiving service for each funding request can be used to determine the FRN specific discount. FCC rules indicate the level of poverty shall be measured by the percentage of the student enrollment that is eligible for a free or reduced price lunch under the National School Lunch Program or a federally-approved alternative mechanism. The applicant is only eligible to receive a level of commitment based on the shared discount for only the entities

receiving services under each FRN. Accordingly, the commitment has been reduced and USAC will seek recovery of any improperly disbursed funds from the applicant. In your appeal, you did not demonstrate that USAC's decision was incorrect. Your appeal is denied.

- FCC rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. *See* 47 C.F.R. sec. 54.505(b). The level of poverty is measured by the percentage of students enrolled in a school or school district that are eligible for a free or reduced price lunch under the National School Lunch Program (NSLP), or a federally-approved alternative mechanism. Alternatively, the level of poverty is measured according to participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), Federal Public Housing Assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). *See* Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776, 9045, FCC 97-157 para. 510, n.1334 (rel. May 8, 1997). The high cost determination is made pursuant to FCC rules that classify a school or library as rural or urban. *See* 47 C.F.R. sec. 54.505(b)(3). An applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether the entity is classified as rural or urban. *See* 47 C.F.R. sec. 54.505(c).

Since your appeal was denied in full, dismissed or cancelled, you may file an appeal with the FCC. Your appeal must be postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found under the Reference Area/"Appeals" of the SLD section of the USAC website or by contacting the Client Service Bureau. Re: Applicant Name: MISSOURI RESEARCH AND
EDUCATION NETWORK
Billed Entity Number: 152265
Form 471 Application Number: 925888
Funding Request Number(s): 2532884, 2532907, 2532981, 2532988, 2532997
Your Correspondence Dated: August 24, 2017

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2013 Notification of Commitment Adjustment Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision. If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 2532884, 2532907, 2532981, 2532988, 2532997
Decision on Appeal: **Denied**
Explanation:

- USAC has reviewed your Appeal and determined that the reduced commitment stands. On the original FCC Form 471, the applicant was approved at a discount percentage for the consortium, not just entities receiving services. For FY2013, only the entities receiving service for each funding request can be used to determine the FRN specific discount. FCC rules indicate the level of poverty shall be measured by the percentage of the student enrollment that is eligible for a free or reduced price lunch under the National School Lunch Program or a federally-approved alternative mechanism. The applicant is only eligible to receive a level of commitment based on the shared discount for only the entities receiving services under each FRN. Accordingly, the commitment has been reduced and USAC will seek recovery of any improperly disbursed funds from

the applicant. In your appeal, you did not demonstrate that USAC's decision was incorrect. Your appeal is denied.

- FCC rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. *See* 47 C.F.R. sec. 54.505(b). The level of poverty is measured by the percentage of students enrolled in a school or school district that are eligible for a free or reduced price lunch under the National School Lunch Program (NSLP), or a federally-approved alternative mechanism. Alternatively, the level of poverty is measured according to participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), Federal Public Housing Assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). *See* Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776, 9045, FCC 97-157 para. 510, n.1334 (rel. May 8, 1997). The high cost determination is made pursuant to FCC rules that classify a school or library as rural or urban. *See* 47 C.F.R. sec. 54.505(b)(3). An applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether the entity is classified as rural or urban. *See* 47 C.F.R. sec. 54.505(c).

Since your appeal was denied in full, dismissed or cancelled, you may file an appeal with the FCC. Your appeal must be postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found under the Reference Area/"Appeals" of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.
