**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I currently live in an apartment where I only have access to one internet provider. As a result of this lack of competition, they provide mediocre service and speed for an exorbitant price. My friends who live in areas with multiple providers pay less money for better service. Capitalism only functions in the presence of competition, and it is part of the role of the FCC to ensure that the competition happens properly, for the benefit of consumers.
