**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

The very limited competition in my family home's neighborhood (which has buried wiring) is the only source of competition in broadband service for the two monopolies (AT&T and Comcast) which own those wires to the family home. Fortunately, there are two third party resellers (Sonic, and RawBandwidth) of DSL broadband access that make reasonably-priced if not terribly fast broadband available to my family.

Please do not remove this source of competition by making it more expensive for third parties to access the wiring monopolies' connections to my family home. We depend on these other companies for reasonably priced broadband service.

Thank you for denying this petition.
